Reddit Goodreads Choice How To:

When Men Behave Badly David Buss,2021-04-27 A leading evolutionary psychologist and sex researcher provides a unified new theory of sexual conflict and shows how its battles play out in the bar room the bedroom and the boardroom Sexual conflict permeates ancient religions from injunctions about thy neighbor s wife to the permissible rape of infidels It is etched in written laws that dictate who can and cannot have sex with whom Its manifestations shape our sexual morality evoking approving accolades or contemptuous condemnation It produces sexual double standards that flourish even in the most sexually egalitarian cultures on earth And although every person alive struggles with sexual conflict most of us see only the tip of the iceberg dating deception a politician s unsavory sexual grab the slow crumbling of a once happy marriage a romantic breakup that turns nasty When Men Behave Badly shows that this battle of the sexes is deeper and far more pervasive than anyone has recognized revealing the hidden roots of sexual conflict roots that originated over deep evolutionary time which define the sexual psychology we currently carry around in our 3 5 pound brains Providing novel insights into our minds and behaviors When Men Behave Badly presents a unifying new theory of sexual conflict and offers practical advice for men and women seeking to avoid it

The Author in Criticism Elio Attilio Baldi,2020-03-11 The Author in Criticism Italo Calvino s Authorial Image in Italy the United States and the United Kingdom explores the cultural and historic patterns and differences in the critical readings of Italian author Italo Calvino s works in the United States of America the United Kingdom and Italy It considers the external factors that contribute to create recognizable patterns in the readings of Calvino s texts in different contexts This volume therefore covers most notably matters of genre science fiction postmodernism cultural perceptions and conventions the re current image of the author in different media academic schools curricula and canons biographical information such as gender and background and translation and the language in which the author speaks or fails to speak to us It traces the influence of these aspects in the academic discourse on Calvino The Author in Criticism also analyzes Calvino s various professional roles as writer editor essayist journalist private correspondent and public cosmopolitan intellectual reappraising their often little acknowledged importance for academic criticism An important underlying idea is that the preconceived image that every critic has of Calvino before even opening one of his books is often solidified and repeated even in the most refined and complex critical analyses This volume purposefully foregrounds the textual and non textual parts that are usually considered peripheral to the works of an author such as book covers blurbs reviews talks interviews etc In this way this book provides insight into the reception of Calvino s works in different countries Moreover it forms a broader reflection of and on important constants in the workings of literary criticism and on the way academic discourses have developed in various cultural contexts over the last decades
