you're actually gaining ground. By investigating YouTube tactics powered by AI, you unlock a wealth of possibilities where your content will resonate even if there is no human face or voice attached to it and you are liberated from the constraints of conventional content development.

Navigating the New Normal Rodd Mann, 2021-03-08 This book is primarily focused on the post-pandemic Gen Z and Millennial business opportunities, most of which didn't even exist a generation ago. No one will forget the year 2020. The year that a pandemic shut down social work and public contact. There are two particular changes that have had a pronounced effect on business and finance which this book will provide the guidance currently lacking in traditional business school texts. The first is the change from commuting to work to sheltering in place with students and professionals on videoconferencing apps such as Zoom. Likely a lasting change we can expect many office spaces will remain empty and many businesses will stick with the new work-from-home change. The second change is that the younger generation is the first to suffer a setback in terms of the standard of living compared to their parents. Not only do more than half of Americans have less than 1,000 in savings but they eschew traditional corporate cubicles, preferring instead to juggle multiple and new hustles and side gigs. This book is primarily focused on the post-pandemic Gen Z and Millennial business opportunities, most of which didn't even exist a generation ago.

Students in the Driver's Seat Erin Quinn, Tara Vandertoorn, 2025-08-25 This transformational book shows you how to put your students in the driver's seat of their learning. It gives you step-by-step protocols and tools to empower student voice and choice, choosing mode, topics, outcomes, and ideas to make learning matter. Based on extensive classroom experience, the book celebrates joyful learning that also supports soft skills including personal organization, time management, collaboration, communication, and more. It promotes an approach to classroom management, teaching, and assessment to drive learning forward and personalize learning to the needs of individual students. An ideal resource for empowering your students to take charge of their learning.
