[Home for Christmas](#) Heidi Swain,2024-10-10 Bella is living her best life in Wynbridge with her beloved Spaniel Tink She s found a way to keep the house she inherited from her grandparents while expanding her dream business Away With the Fairies and she s ecstatic that Christmas is on the horizon In fact everything is perfect until family friend Catherine Connelly asks Bella if she d be willing to rent part of the house to freelance author Jude who is researching the history of the Connelly Clan and Wynthorpe Hall ahead of turning his findings into a book The plan had been for Jude to stay at the hall but he can t cope with the chaos and Bella reluctantly agrees to open her door to him Initially the pair clash but then friendlier feelings begin to grow and Bella finds herself wondering if

Jude could become more than just another guest before it's time for him to leave That is until he announces he has no time for Christmas With her favourite time of the year suddenly in jeopardy will Bella ever feel like she's home for Christmas

AI, Ethics, and Discrimination in Business Marco Marabelli, 2024-05-02 This book takes a historical approach to explore data algorithms their use in practice through applications of AI in various settings and all of the surrounding ethical and DEI implications Summarizing our current knowledge and highlighting gaps it offers original examples from empirical research in various settings such as healthcare social media and the GIG economy The author investigates how systems relying on a binary structure machines work in systems that are instead analogic societies Further he examines how underrepresented populations who have been historically penalized by technologies can play an active role in the design of automated systems with a specific focus on the US legal and social system One issue is that main tasks of machines concern classification which while efficient for speeding up decision making processes are inherently biased Ultimately this work advocates for ethical design and responsible implementation and deployment of technology in organizations and society through through government sponsored social justice in contrast with free market policies This interdisciplinary text contributes to the timely and relevant debate on algorithmic fairness biases and potential discriminations It will appeal to researchers in business ethics and information systems while building on theories from anthropology psychology sociology management marketing and economics
