**Debating Business School Legitimacy** Anders Örténblad, Riina Koris, 2023-01-31 This book channels the debate on the relevance value and future of business schools Could the Business School be like the Titanic thought to be unsinkable but ultimately doomed And if it sinks what of it Or is it a ship which can adapt to the changing waters it sails in In this book authors from around the world debate the current and future legitimacy of the Business School from different contexts and perspectives While some see very little or no hope at all to the future of the Business School as a legitimate centre for research and education others remain critical but see a way forward to rectify today's concerns such as around sustainability and inclusivity This book highlights to readers thought provoking complexities on the Business School playground and its legitimacy

**Robin Hood Math** Noah Giansiracusa, 2025-08-05 How the rich and powerful use math to exploit you and what you can do to beat them at their own game Everything we do today is recorded as data that's sold to the highest bidder Plugging our personal data into impersonal algorithms has made government agencies more efficient and tech companies more profitable But all this comes at a price It's easy to feel like an insignificant number in a world of number crunchers who care more about their bottom line than your humanity It's time to flip the equation turning math into an empowering tool for the rest of us Award winning mathematician Noah Giansiracusa explains how the tech giants and financial institutions use formulas to get ahead and how anyone can use these same formulas in their everyday life You'll learn how to handle risk rationally make better investments take control of your social media and reclaim agency over the decisions you make each day In a society that all too often takes from the poor and gives to the rich math can be a vital democratizing force Robin Hood Math helps you to think for yourself act in your own best interests and thrive
