Concise Human Physiology Second Edition:

Concise Human Physiology M. Y. Sukkar, M. S. M. Ardawi, H. A. El Munshid, 2000-12-19 Concise Human Physiology is written for medical students and presents the main facts in a concise straightforward style The first edition received an encouraging reception from students especially those for whom English is a foreign language The presentation of major subjects in manageable chapter lengths makes the book most attractive to students who find some books rather lengthy due to detail and the inclusion of information not required by the medical curriculum This second edition is more focused and has made use of valuable feedback from students and teachers who have been using the book over the last few years All the chapters have been thoroughly revised and new illustrations and summary diagrams have been added

Concise Textbook of Human Physiology Indu Khurana, 2018-04-23 Thoroughly revised and updated second edition retains its well accepted unique style of organization of the text in three parts and twelve sections Presentation of the text with various levels of headings subheadings boldface and italics has been maintained to help the students easily understand retain and reproduce Text has been updated incorporating the recent advances in each section including more aspects of molecular physiology Applied physiology has been updated with recent concepts on pathophysiology and recent advances in the basic investigations and therapeutic principles To further upgrade the book many new figures tables and flowcharts have been added Online Content FAQs with reference for the answers in the book
