## **Constructing The World A Study In Paul Cosmological Language:**

**Constructing the World** Edward Adams,2000-11-03 In this study of Paul Dr Adams focuses on Paul s understanding and use of cosmological concepts such as world and creation He examines Paul s historical and social context and illuminates the whole cosmological project of Pauline Christianity [Re-membering the New Covenant at Corinth](#) Emmanuel

Nathan,2020-03-27 Did Paul instigate Christianity s separation from Judaism if one considers the stark polemical contrasts of new and old covenant in 2 Cor 3 Emmanuel Nathan argues that Paul reconfigured traditions and memories shaping the identity of his community at Corinth back cover **Creating Sacred Places in First Century Corinth** Alisha N.

Paddock,2025-06-29 This book applies spatial theories from human and cultural geography to the archaeological remains of Ancient Corinth in order to consider how sacred places could have been created in the first century Building on Philip Sheldrake s theory among others the book defines sacred place as a space with significance Significance is found in the group s spiritual history their identity and the proper behaviours required to keep the group remaining a group The book further argues that if any of these elements of place are not recognized nor upheld the group risks becoming placeless

**Cosmology and New Testament Theology** Jonathan T. Pennington,Sean M. McDonough,2008-05-22 For first century people cosmology was a fundamental part of their worldview Whether it was the philosopher contemplating the perfection of the heavenly orbits the farmer searching the sky for signs of when to plant his crops or the desert dwelling sectarian looking for the end of the world the cosmos held an endless fascination and occupied a prominent place in their understanding of life For most ancient peoples cosmology and theology were inseparable Thus when the Jewish and Christian Scriptural traditions begin with the bold claim In the beginning God created the heavens and earth these words make statements which are at once cosmogonic cosmological and theological Scholarship has begun only recently to investigate more fully the various cosmological and cosmogonic traditions that were current in the time of the Old and New Testaments Much of this work however has focused on how OT conceptions of the world compared to other Ancient Near Eastern traditions Much less has been done on the cosmological traditions which stand behind the views of the NT writers Even fewer works have sought to connect cosmological views with NT theology In light of the great importance that cosmology had in ancient peoples worldviews and theological understanding a thorough investigation of this neglected topic is in order **Cosmology and New Testament Theology** systematically examines the NT documents to show how cosmological language and concepts inform interact with and contribute to the specific theological emphases of the various NT books In some NT books the importance of cosmology can be easily discerned while in others what is required is a new and close examination of key cosmological terms e g heaven earth world creation with an eye to the themes and theology of the book **Paul, Politics, and New Creation** Najeeb T. Haddad,2020-12-10 Paul Politics and New Creation Reconsidering Paul and Empire nuances Paul s relationship with the Roman Empire Using rhetorical sociohistorical and theological methods Najeeb T Haddad reevaluates
