H. Kim,2016 A leading educational psychologist offers an exciting model for nurturing creativity starting in our schools and extending across the arts sciences and industry

Elon Musk Ashlee Vance,2015-05-19 A New York Times Bestseller In the spirit of Steve Jobs and Moneyball Elon Musk is both an illuminating and authorized look at the extraordinary life of one of Silicon Valley s most exciting unpredictable and ambitious entrepreneurs a real life Tony Stark and a fascinating exploration of the renewal of American invention and its new makers Elon Musk spotlights the technology and vision of Elon Musk the renowned entrepreneur and innovator behind SpaceX Tesla and SolarCity who sold one of his Internet companies PayPal for 1 5 billion Ashlee Vance captures the full spectacle and arc of the genius s life and work from his tumultuous upbringing in South Africa and flight to the United States to his dramatic technical innovations and entrepreneurial pursuits Vance uses Musk s story to explore one of the pressing questions of our age can the nation of inventors and creators who led the modern world for a century still compete in an age of fierce global competition He argues that Musk one of the most unusual and striking figures in American business history is a contemporary visionary amalgam of legendary inventors and industrialists including Thomas Edison Henry Ford Howard Hughes and Steve Jobs More than any other entrepreneur today Musk has dedicated his energies and his own vast fortune to inventing a future that is as rich and far reaching as the visionaries of the golden age of science fiction fantasy Thorough and insightful Elon Musk brings to life a technology industry that is rapidly and dramatically changing by examining the life of one of its most powerful and influential titans **Haunted Empire** Yukari Iwatani Kane,2014-03-18 Former Wall Street Journal technology reporter Yukari Iwatani Kane delves deep inside Apple in the two years since Steve Jobs s death revealing the tensions and challenges CEO Tim Cook and his team face as they try to sustain Jobs s vision and keep the company moving forward Steve Jobs s death raised one of the most pressing questions in the tech

and business worlds Could Apple stay great without its iconic leader Many inside the company were eager to prove that Apple could be just as innovative as it had been under Jobs Others were painfully aware of the immense challenge ahead As its business has become more complex and global Apple has come under intense scrutiny much of it critical Maintaining market leadership has become crucial as it tries to conquer new frontiers and satisfy the public's insatiable appetite for insanely great products Based on over two hundred interviews with current and former executives business partners Apple watchers and others Haunted Empire is an illuminating portrait of Apple today that offers clues to its future With nuanced insights and colorful details that only a seasoned journalist could glean Kane goes beyond the myths and headlines She explores Tim Cook's leadership and its impact on Jobs's loyal lieutenants new product development and Apple's relationships with Wall Street the government tech rivals suppliers the media and consumers Hard hitting yet fair Haunted Empire reveals the perils and opportunities an iconic company faces when it loses its visionary leader *Smart Startups* Catalina Daniels, James H. Sherman, 2023-10-10 Two startup company founders and angel investors go inside eighteen companies founded by Harvard Business School graduates uncovering surprising lessons for success and unexpected pitfalls essential for aspiring entrepreneurs Conventional wisdom holds that the most successful entrepreneurs in the world are born with a genius for starting companies experience one lightning bolt moment of inspiration after another follow a tried and true process to scale to a billion dollars and attract deep pocketed investors at every turn The real story is a bit more unconventional and much more interesting Would be entrepreneurs Catalina Daniels and James Sherman hungry to study and apply the best practices of startups to their own ventures studied the nuts and bolts of entrepreneurship as classmates at Harvard Business School Years later after successfully founding and exiting several companies and as angel investors in startups they were surprised to realize that their experiences greatly differed from what they had been taught in school HBS provided a world class education in the basics But there was so much they learned the hard way working in the trenches that looking back they wished they'd known before starting up Inspired Daniels and Sherman interviewed eighteen HBS graduates and entrepreneurs about their experiences founding companies such as Blue Apron Rent the Runway Gilt and AdoreMe probing them about what they discovered along the way and what they wish they had known beforehand The authors bring these insights to life by showcasing the founders in their own words and giving readers the experience of chatting with these remarkable entrepreneurs over a cup of coffee No other book has unearthed advice from so many HBS entrepreneurs The result is wisdom that challenges assumptions destroys preconceived notions crystalizes hunches and articulates perceptions with a depth possessed by few people in the world Starting a business is hard Seventy percent of startups today fail after their seed round and less than ten percent achieve success for founders and investors Faced with such a daunting threshold aspiring entrepreneurs need all the advice wisdom and inspiration they can get *Smart Startups* is written for them a timeless record of essential knowledge that can help them avoid failure and achieve success **Team**

Genius Rich Karlgaard, Michael S. Malone, 2015-07-07 A groundbreaking book that sheds new light on the vital importance of teams as the fundamental unit of organization and competition in the global economy Teams we depend on them for both our professional success and our personal happiness But isn't it odd how little scrutiny we give them The teams that make up our lives are created mostly by luck happenstance or circumstance but rarely by design In trivial matters say a bowling team the leadership of a neighborhood group or a holiday party committee success by serendipity is already risky enough But when it comes to actions by fast moving start ups major corporations nonprofit institutions and governments leaving things to chance can be downright dangerous Offering vivid reports of the latest scientific research compelling case studies and great storytelling Team Genius shows managers and executives that the planning design and management of great teams no longer have to be a black art It explores solutions to essential questions that could spell the difference between success and obsolescence Do you know how to reorganize your subpar teams to turn them into top performers Can you identify which of the top performing teams in your company are reaching the end of their life span Do you have the courage to shut them down Do you know how to create a replacement team that will be just as effective without losing time or damaging morale And most important are your teams the right size for the job Throughout Rich Karlgaard and Michael S Malone share insights and real life examples gleaned from their careers as journalists analysts investors and globetrotting entrepreneurs meeting successful teams and team leaders to reveal some new truths The right team size is usually one fewer person than what managers think they need The greatest question facing good teams is not how to succeed but how to die Good chemistry often makes for the least effective teams Cognitive diversity yields the highest performance gains but only if you understand what it is How to find the bliss point in team intimacy and become three times more productive How to identify destructive team members before they do harm Why small teams are 40 percent more likely to create a successful breakthrough than a solo genius is Why groups of 7 2 150 and 1 500 are magic sizes for teams Eye opening grounded and essential Team Genius is the next big idea to revolutionize business

Managing Innovation Joe Tidd, John R. Bessant, 2024-11-05 The new edition of the bestselling textbook on Innovation Management provides a strong knowledge base and a creative and entrepreneurial management mindset Acclaimed for its practical evidence based tools and resources Managing Innovation provides the knowledge base required to manage innovation technology and new product development With an integrated process approach this classic textbook helps students understand and develop the unique skill set required to manage innovation and innovation processes in the commercial public and social sectors Fully updated with new data new methods and new approaches the eighth edition of Managing Innovation emphasizes real world application over abstract theory Numerous practical and experience tested processes models and tools help students develop a productive innovation management mindset accompanied by a wealth of case studies and examples illustrating that successful innovation management is much more than managing a single aspect such as creativity entrepreneurship or product development Offering a strong empirical

approach that is supportive of tailored experimentation Managing Innovation Integrating Technological Market and Organizational Change Eighth Edition is the perfect textbook for MBA MSc and final year undergraduate management and engineering courses on innovation and a must have resource for professional training courses seminars and workshops New to this Edition Updated chapters on digital innovation business model innovation open innovation user innovation social and sustainable innovation service and crowdsourcing Enhanced presentation of material organized around a clear process model reflecting the new ISO standard for innovation systems Additional web resources including video audio podcasts case studies innovation tools and interactive exercises and tests New Research Notes present the latest empirical findings from academic studies to deepen students knowledge New Views from the Front Line sections connect chapter topics to the actual experiences and challenges of practicing innovation managers Expanded Innovation Portal for students and instructors containing searchable innovation tools cases and exercises

HBS Alumni Bulletin ,2008 *Big Think Strategy* Bernd Schmitt,2007 These are big ideas but Schmitt carefully breaks down his approach to create simple tools that can be adapted and applied within any company This book provides step by step instructions for sourcing innovative ideas evaluating them turning them into strategy and executing them What s more you ll find the guidance you need to lead and establish organizational structures that will sustain long term big thinking within your company

BOOK JACKET **The Business of Platforms** Michael A. Cusumano,Annabelle Gawer,David B. Yoffie,2019-05-07 A trio of experts on high tech business strategy and innovation reveal the principles that have made platform businesses the most valuable firms in the world and the first trillion dollar companies Managers and entrepreneurs in the digital era must learn to live in two worlds the conventional economy and the platform economy Platforms that operate for business purposes usually exist at the level of an industry or ecosystem bringing together individuals and organizations so they can innovate and interact in ways not otherwise possible Platforms create economic value far beyond what we see in conventional companies The Business of Platforms is an invaluable in depth look at platform strategy and digital innovation Cusumano Gawer and Yoffie address how a small number of companies have come to exert extraordinary influence over every dimension of our personal professional and political lives They explain how these new entities differ from the powerful corporations of the past They also question whether there are limits to the market dominance and expansion of these digital juggernauts Finally they discuss the role governments should play in rethinking data privacy laws antitrust and other regulations that could reign in abuses from these powerful businesses Their goal is to help managers and entrepreneurs build platform businesses that can stand the test of time and win their share of battles with both digital and conventional competitors As experts who have studied and worked with these firms for some thirty years this book is the most authoritative and timely investigation yet of the powerful economic and technological forces that make platform businesses from Amazon and Apple to Microsoft Facebook and Google all dominant players in shaping the global economy the future of work and the political world we now face *Essentials of*
