Operations and Supply Chain Management for MBAs, EMEA Edition Jack R. Meredith, Scott M. Shafer, 2021-05-18. The seventh edition of *Operations and Supply Chain Management for MBAs* is the definitive introduction to the fundamental concepts of supply chain and operations management. Designed specifically to meet the needs of MBA students, this market-leading book offers clear presentation of topics such as process planning and design capacity, and location planning, schedule and inventory management, and enterprise resource planning. A strategic conceptual approach helps readers comprehend the contemporary issues they will soon be facing in industry. This concisely formatted volume enables instructors to customize their courses for the unique requirements of MBA programs. Each chapter integrates material directly into the text rather than sidebars, highlights, and other pedagogical devices to achieve a smooth, easy-to-read narrative flow. Carefully selected questions prompt discussions that complement the mature, more experienced nature of MBA students, while case studies and supplementary materials illustrate key concepts and practices. Topics such as outsourcing and global sourcing, the role of information technology, and global competitiveness strategies assist students to understand working and competing in the globalized economy.

Operations and Supply Chain Management for MBAs Jack R. Meredith, Scott M. Shafer, 2023-02-14. In the newly revised eighth edition of *Operations and Supply Chain Management for MBAs*, a team of renowned operations professionals delivers a concise and accessible exploration of supply chain management ideal for MBA students with backgrounds in marketing, finance, and other disciplines. Conceptual and qualitative content appears alongside more quantitative material to encourage a variety of readers to remain engaged. Supplementary cases and a flexible structure allow instructors to tailor the material to diverse student populations, while a renewed focus on sustainability, innovation, and design thinking permeates much of this latest edition. *Operations and Supply Chain Management for MBAs* also includes incorporation of sustainability throughout the book, especially in Chapter 5. Considerable material on innovation and design thinking, especially in Chapter 3. Thoroughly updated chapter-opening examples and cases. A renewed

emphasis on supply chain strategy in every chapter New and contemporary examples integrated into each chapter Improved and enhanced figures and images Updated end of chapter questions exercises and mini cases aligned with the material in each chapter
