Social Media Regina Luttrell, 2016-08-19 Updated to reflect the latest technological innovations and challenges the second edition of *Social Media How to Engage Share and Connect* will help readers understand and successfully use today's social media tools Luttrell's text offers a thorough history of social media and pioneers of the field chapters on specific subjects such as photo sharing video crisis communication ethics and sticky social among others discussions on appropriate use of social media in public relations where the profession stands today and where it is headed in the future and real world examples of successful social media campaigns This book will become your go to reference guide for all things social media related as it applies to public relations and the everyday duties of PR professionals *Shame on You* Melissa

Petro, 2024-09-10 In the spirit of Rebecca Traister's *Good and Mad* and Roxane Gay's *Bad Feminist* comes a courageous in depth investigation into the modern epidemic of shame in our society what it is why women are uniquely susceptible and how we can shift the shame off our plates and live our best lives in an over exposed image obsessed world For millions of women shame is a vicious predator It tells us we are less than that we are unworthy We try everything to escape shame ignoring it intellectualizing it and even ironically shaming ourselves for feeling it The reality is that women experience shame more frequently and more intensely than men a direct result as acclaimed journalist Melissa Petro explains of a patriarchal culture that urges women to feel bad about themselves and then punishes them when they do Why can't we figure out how to break the shame cycle once and for all In *Shame on You* Petro takes on the issue of women's shame directly with an unflinching look at the social systems that encourage women to believe we are deeply inadequate From shame's beginnings Maybe she's born with it Nope it's misogyny to its effect on our lives as adults How the humiliation of bad women affects us all shame poisons our friendships romantic relationships and work lives But it doesn't have to be that way Blending investigative reporting science literature and hundreds of women's personal stories including her own shameful account of winding up as an unwitting New York Post cover girl Petro offers us a new way forward No matter what you do she explains there is no escaping being judged And yet the women we can become sometimes as a consequence of shame rather than in spite of it are powerful indeed And maybe that's what others are afraid of [Visual Ethics](#) Paul Martin Lester, Stephanie A.
