Keeping in view the levels of common students in the first section some of the common and uncommon words are presented in different parts with usage and examples to enhance the spelling power and lexical resource of the students. There are eight parts of speech like 1 Noun 2 Pronoun 3 Verb 4 Adverb 5 Adjective 6 Preposition 7 Conjunction 8 Interjection but in certain English speaking countries nine parts of speech are considered as they include the article as the ninth part. In this book nine parts of speech their usage with examples and worksheets with answers for practice are explained systematically.
