Dear [Mr./Mrs./Ms.] [Hiring Manager's Name],

Upon learning of your requirement for the position of Civil Engineer, I felt compelled to submit my resume for your review. My background of more than 15 years in the field - building and structure development, modification, installation, and maintenance of commercial and residential properties; coupled with my superior leadership and project management skills would significantly contribute towards the success of your project goals.

I am currently employed with *** where I am recognized for conducting detailed feasibility studies, solving issues and concerns, adhering to defined budgets, and driving technical development of sophisticated structures and systems. From maintaining inventory levels to performing preventive maintenance checks, to supervising and training project employees, I excel and bring success to all phases of civil engineering projects from scratch to completion.

A brief look into my qualifications –

- Worked with *** as Surveyor Technicians, undertaking numerous construction duties such as plumbing, finishing job hazard assessments, and assessing weekly quantity reports for soil volumes.
- Prior experience in delivering complicated multi-disciplinary projects within a challenging and highly regulated atmosphere, helped me to adapt to deploy stable, and cost-effective structural innovations.
- Supervising and training personnel involved in all aspects of operation, and successful execution of various projects including - \$50M bridge construction project, \$35M rehabilitation project, \$75 M Hospital construction project, and \$25M roadway project, knowledge of all necessary permits relating to construction, addressing issues of potential disruptions, and reporting updates.
- Preparing cost estimates, proposals, and schedules, tracking expenses, reviewing and approving project blueprints, and drawings of junior civil engineers, and strict adherence to meet deadlines.
- Expertise in AutoCAD facilitating success for quality deliverables.

My dynamic nature, experience in Civil Engineering, and motivational skills to propel projects will make your projects successful. I sincerely look forward to further discussing the role of Civil Engineering at ***. Thank you for your time and consideration.

Sincerely,
[Your Name]

ENGLISH FOR CIVIL ENGINEERING Masduki, Erly Wahyuni, Cita Nuary Ishak, Dyah Susanti, Dzaky Isyuniandri, Nugrahaningtyas F. Anyassari, English for Civil Engineering is written to fulfill students' needs to learn English for specific purposes. This book is designed to provide an opportunity for the students to develop their English skills more communicatively and meaningfully. It consists of twenty-eight units. Each unit presents reading, writing, and speaking sections. The reading section consists of pre-reading, reading comprehension, and vocabulary exercises related to the topic of the text. In the writing section, some structure and sentence patterns are completed with guided writing exercises. Meanwhile, in the speaking section, students are provided with models and examples followed by practical activities which are presented in various ways. The materials have been arranged and graded in accordance with their language levels. Above all, to improve the quality of this textbook, criticisms and suggestions for better editions are highly appreciated.

Real-resumes for Engineering Jobs Anne McKinney, 2004. Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there is a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy with REAL RESUMES in hand. *The Midwest Book Review* 1 885288 42 5

Mechanical Engineering, 1919 *Language and Development* Professor Christopher N. Candlin, 2014-09-19 Language and Development Teachers in a Changing World comprises twenty one case accounts contributed by language education professionals working in the context of international development. Frank and stimulating the contributions explore the implementation of interactive educational approaches in ten Asian countries. The accounts draw on real life experiences from countries which collectively have been under represented in the literature to date: Cambodia, China, India, Indonesia, Laos, Malaysia, Papua New Guinea, the Philippines, Singapore, and Vietnam. The issues discussed will be familiar to those working in similar situations throughout the world as many questions are raised and answered in the lively depictions of classroom practice, project management, and funding relationships. The editors' introductory and concluding sections provide a descriptive conceptual framework for the practice based accounts while allowing the reader the freedom to interpret the meanings and the theoretical implications of each account for themselves.
