raise our thinking game to a more mindful level Regardless of playing field mindful thinking is the new competitive advantage and the seven fixes are a magic set of tools for achieving it Winning the Brain Game will lead you to better decision making higher levels of creativity clearer strategies and overall success in business work and life Matthew E May is a five time author and recognized thought leader on strategy and innovation A popular speaker facilitator and seminar leader he confidentially coaches executives artists and athletes and conducts custom thinking sessions for leading organizations all over the world
