

# LITERARY CRITICAL THEORIES / PERSPECTIVES

- ⊗ Just like there are movie critics, there are also literature critics. A literature critic's job is to evaluate a piece of literature in order to derive meaning from it.
- ⊗ Literature critics fall into different schools of thought which are called literary critical theories (literary criticisms) or critical perspectives.
- ⊗ Each one of these critical theories / perspectives has a different opinion on which is the most important aspect of any literary work. Each one also makes certain assumptions about literature and the world.
