Cults And New Religious Movements A Reader:

Cults and New Religious Movements Lorne L. Dawson, 2003-06-02 What is a cult Why do they emerge Who joins them And why do tragedies such as Waco and Jonestown occur This reader brings together the voices of historians sociologists and psychologists of religion to address these key questions about new religious movements Looks at theoretical explanations for cults why people join and what happens when they do Brings together the best work on cults by sociologists historians and psychologists of religion A broad ranging balanced and clearly organized collection of readings Includes coverage of topical issues such as the brainwashing controversy and cults in cyberspace Section introductions by the editor situate the nature value and relevance of the selected readings in context of current discussions

Cults in Context Lorne L. Dawson, 1998 In the face of the increasingly variegated ideological landscape of contemporary America cults have become the focus of public controversy The growth of new religions has been matched by the development of an organized and vocal opposition the anti cult movement This in turn has prompted an extensive investigation of new religious movements NRMs by sociologists and psychologists of religion as well as historians and religious studies scholars The readings collected here contribute to the debate about cults by sampling some of the best and most accessible publications from the academic study of NRMs The contributors address the questions most commonly asked about cults such as What brought about the emergence of new religious movements What is a cult or new religious movement Who joins new religious movements and why Are converts to new religious movements brainwashed Why did the Jonestown and Waco tragedies happen Are cults inclined to be violent What does the emergence of so many new religious movements say about our society What does it say about the future of religion *Cults in Context* surveys the descriptive typologies theories and data accumulated by sociologists and psychologists studying new religious movements over the last twenty years It serves to defuse many popular fears and misconceptions about cults allowing the reader to develop a more reasonable and tolerant understanding of the people who join new religious movements and the functions of these movements in contemporary society

Cults in Context Lorne Dawson, 2018-02-06 In the face of the increasingly variegated ideological landscape of contemporary America cults have become the focus of public controversy The growth of new religions has been matched by the development of an organized and vocal opposition the anti cult movement This in turn has prompted an extensive investigation of new religious movements NRMs by sociologists and psychologists of religion as well as historians and religious studies scholars The readings collected here contribute to the debate about cults by sampling some of the best and most accessible publications from the academic study of NRMs The contributors address the questions most commonly asked about cults such as What brought about the emergence of new religious movements What is a cult or new religious movement Who joins new religious movements and why Are converts to new religious movements brainwashed Why did the Jonestown and Waco tragedies happen Are cults inclined to be violent What does the emergence of so many new religious movements say about our society

What does it say about the future of religion Cults in Context surveys the descriptive typologies theories and data accumulated by sociologists and psychologists studying new religious movements over the last twenty years It serves to defuse many popular fears and misconceptions about cults allowing the reader to develop a more reasonable and tolerant understanding of the people who join new religious movements and the functions of these movements in contemporary society

Cults and New Religions Douglas E. Cowan, David G. Bromley, 2015-06-15 This unparalleled introduction to cults and new religious movements has been completely up dated and expanded to reflect the latest developments each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding each group A fully updated revised and expanded edition of an unparalleled introduction to cults and new religious movements Profiles a number of the most visible significant and controversial new religious movements presenting each group s history doctrines rituals leadership and organization Offers a discussion of the major controversies in which new religious movements have been involved using each profiled group to illustrate the nature of one of those controversies Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender New sections include methods of studying new religions in each chapter as well as presentations on groups to watch

Encyclopedia of New Religious Movements Peter Clarke, 2004-03-01 New Religious Movements NRMs can involve vast numbers of followers and in many cases are radically changing the way people understand and practice religion and spirituality Moreover many are having a profound impact on the form and content of mainstream religion The Encyclopedia of New Religious Movements provides uniquely global coverage of the phenomenon with entries on over three hundred movement from almost every country in the world Coverage includes movements that derive from the major religions of the world and to neo traditional movements movements often overlooked in the study of NRMs In addition to the coverage of particular movements there are also entries on topics themes key thinkers and key ideas for example the New Age Movement Neo Paganism New Religion and gender NRMs and cyberspace NRMs and the law the Anti Cult Movement Swedenborg Jung Teilhard de Chardin Lovelock Gurdjieff al Banna Qutb The marked global approach and comprehensiveness of the encyclopedia enable an appreciation of the innovative energy of NRMs of their extraordinary diversity and the often surprising ways in which they can propagate geographically The most ambitious publication of its sort the Encyclopedia of New Religious Movements is a major addition to the reference literature for students and researchers of the field in religious studies and the social sciences Entries are cross referenced with short bibliographies for further reading There is a full index

New Religious Movements Dereck Daschke, W. Michael Ashcraft, 2005-06-17 An original collection of primary documents conveying the wide array of ideas connected to new religious movements New Religious Movements is a highly unique volume bringing together primary documents conveying the words and ideas of a wide array of new religious movements NRMs and offering a first hand look

into their belief systems Arranged by the editors according to a new typology the text allows readers to consider NRMS along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age The volume includes original documents from groups such as the Unification Church Theosophy Branch Davidians Wicca Jehovah s Witnesses Santeria and Seventh Day Adventists as well as many others Each section is prefaced by a contextual introduction and concludes with a list of sources for further reading New Religious

Movements offers a rare inside look into the worldviews of alternative religious traditions **Cults and New Religions**

Douglas E. Cowan,David G. Bromley,2008 An overview of the development of new religions and the controversies surrounding them in late modern society A stimulating course friendly overview of the history and development of new religious movements NRMs in the late twentieth century Explores eight cults and NRMs including the Church of Scientology Transcendental Meditation Unificationism The Family International the Ramtha School of Enlightenment the Branch Davidians Heaven s Gate and Wicca Each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding this group Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender **New Religious Movements** Elijah Siegler,2007 Using a historical and cultural approach New Religious Movementstakes the approach that new religious movements are neither new nor inherently evil or dangerous The Introduction colorfully demonstrates the variety of NRMs today and how our first impressions of them may be wrong Also this text argues that NRMs are a normal response to cultural and social change not just something that has happened to the Western World since the 1960s This book s topics include Defining New Religious Movements Modern Heresy Esoteric Revival Asian NRMs African NRMs Islamic NRMs and the Global Future of NRMs An interesting read for those interested in New Religious Movements **Introduction to New and Alternative Religions in**

America William M. Ashcraft,Eugene V. Gallagher,2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions

arise as to a new faith's legitimacy, beliefs, methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension, and fear. Here experts delineate the boundaries and examine the various groups, beliefs, movements, and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: *History and Controversies* discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: *Jewish and Christian Traditions* explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses, and others are examined.

Volume 3: *Metaphysical, New Age, and Neopagan Movements* looks at Shamanism, Spiritualism, Wicca, and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: *Asian Traditions* focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today.

Volume 5: *African Diaspora Traditions and Other American Innovations* examines the various traditions linked to the African diaspora, such as Rastafarianism, Santeria, and the Nation of Islam, alongside traditions that are truly American incarnations like Scientology, UFO religions, and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai, and many more.

A Reader in New Religious Movements George D. Chrystides, Margaret Wilkins, Margaret Z. Wilkins, 2006-05-10. There are over 600 New Religious Movements (NRMs) in Great Britain alone and more than 2000 in the United States. *A Reader in New Religious Movements* provides an introduction to the main teachings of a selection of these organizations, focusing on those that are well established in the West. The contemporary and in some cases controversial NRMs covered include the Unification Church, the International Society for Krishna Consciousness, the Family Osho, Soka Gakkai International, and the Western Buddhist Order.

Cults, New Religions and Religious Creativity (Routledge Revivals) Geoffrey Nelson, 2011-03-31. The twentieth century has been marked by an unprecedented outburst of religious activity on a world-wide scale, and in particular by a mushrooming of numerous religious movements. This work, first published in 1987, takes a fresh approach to the understanding of this phenomenon, an approach which takes into account new concepts of human nature and of religion.

Journal for the Scientific Study of Religion, 2004. Official journal of the Society for the Scientific Study of Religion (JSSR), founded in 1949 by students of religion and of social science in order to stimulate and communicate significant scientific research on religious institutions and experience.

Comprehending Cults Lorne L. Dawson, 1998. Cults: what do we really know about them? Long the focus of controversy, cults or what

sociologists prefer to call new religious movements have been studied by scholars for years Yet little of this information has made its way into public awareness This book summarizes synthesizes and assesses the results of years of research into new religious movements by historians sociologists and psychologists of religion Organized in terms of seven of the most commonly asked questions about cults e g Why did they emerge Who joins them and why Why do some become violent the book clarifies the issues at stake seeking to replace prejudice and speculation with reliable insights into the nature of cult activity Written in an easy to read yet detailed manner *Comprehending Cults* provides an excellent introduction to the study of new religious phenomena *Encyclopedia of New Religions* Christopher Hugh Partridge, 2004 A comprehensive and authoritative guide to over 200 new religions sects and alternative spiritualities **Religion in Politics** Julius Adekunle, 2009 *New Religious Movements* Claire Mason, 2003 Offers a brief introduction to new religious movements discussing why people join them what effects they have on individual members their families and society as a whole and how governments reconcile the principle of religious freedom with their duty to protect the public from potential harm

Encyclopedia of Politics and Religion Robert Wuthnow, 2007 The *Encyclopedia of Politics and Religion* traces the roots of the relationship between politics and religion from antiquity to today revealing how it has shaped public discourse social attitudes collective action and national and international policy particularly during the past two centuries *Cults, Sects, and New Religious Movements* Erica Treesh, 1985 **Forthcoming Books** Rose Arny, 2003 **Faith in America: Organized religion today** Charles H. Lippy, 2006 Over the last 25 years there has been much talk of the presumed decline in religious participation in America In addition from the 1960s on surveys that mark the influence of religion in American life have shown a mixed response Many suggest that religion is losing influence in the culture as a whole others indicate that while organized religion may be experiencing challenges spirituality is on the upswing At the same time however there have been signs that religious life in the U S is extraordinarily healthy But religion in America has changed to be sure in a number of ways And it has changed us and our culture in return This timely set looks at the major forces that are changing the shape of religion in American life
