Law of the Internet F. Lawrence Street, 2009 Buyer Aware Marta L. Tellado, 2022-09-20 In an era of corporate overreach when consumers have never been more vulnerable to digital surveillance unsafe food and dangerously faulty products the president and CEO of Consumer Reports gives us a playbook to put the power back in our hands You've been getting ripped off The rules that have protected consumers for decades are failing Companies are spying on us Many of the products we once trusted are dangerous and failing at alarming rates Whether we are buying a crib a small appliance an iPhone app or shopping for car insurance it's become harder than ever to know whether the choices we make in the marketplace are putting us at risk either from physical harm or the abuse of our personal data by hackers or corporations This is intolerable It's wrong And we don't have to put up with it anymore Marta L Tellado the president and CEO of Consumer Reports has been an advocate for consumers for decades In Buyer Aware Tellado shows you the steps you can take to protect yourself from predatory business practices and how to exert your inherent power as a consumer to spur politicians and businesses to clean up their act Only then can we ensure that we have an economy that is fair safe and transparent for all and puts consumers first

I Am Somebody David Masciotra, 2020-10-15 There are few figures and leaders of recent American history of greater social and political consequence than Jesse Jackson and few more relevant for America's current political climate In the 1960s Jackson served as a close aide to Dr Martin Luther King meeting him on the notorious march to legitimize the American democratic system in Selma He was there on the day of King's assassination and continued his political legacy inspiring a generation of black and Latino politicians and activists founding the Rainbow PUSH Coalition and helping to make the Democratic Party more multicultural and progressive with his historic runs for the presidency in the 1980s In I Am Somebody David Masciotra argues that Jackson's legacy must be rehabilitated in the history of American politics Masciotra has had personal access to Jackson for several years conducting over 100 interviews with the man himself as well as interviews with a wide variety of elected officials and activists who Jackson has inspired and influenced It also takes readers inside Jackson's negotiations for the release of hostages and political prisoners in Cuba Iraq and several other countries As Democratic politics sees a return to radicalism and the rise of a new generation of committed advocates of racial and economic justice I Am Somebody Why Jesse Jackson Matters is a critical book for understanding where America in the 21st Century has come from and where it is going Featuring a foreword by Michael Eric Dyson

Custodians of the Internet Tarleton Gillespie, 2018-06-26 A revealing and gripping investigation into how social media platforms police what we post online and the large societal impact of these decisions Most users want their Twitter feed Facebook page and YouTube comments to be free of harassment and porn Whether faced with fake news or livestreamed violence content moderators who censor or promote user posted content have never been more important This is especially true when the tools that social media platforms use to curb trolling ban hate speech and censor pornography can also silence the speech

you need to hear In this revealing and nuanced exploration award winning sociologist and cultural observer Tarleton Gillespie provides an overview of current social media practices and explains the underlying rationales for how when and why these policies are enforced In doing so Gillespie highlights that content moderation receives too little public scrutiny even as it shapes social norms and creates consequences for public discourse cultural production and the fabric of society Based on interviews with content moderators creators and consumers this accessible timely book is a must read for anyone who s ever clicked like or retweet [West Virginia Law Review](#) ,2009 **U.C. years of Arthur Punch Sulzberger's reign as publisher to the election of Donald Trump in November 2016. Nagourney recounts the paper's triumphs: the coverage of September 11, the explosion of the U.S. Challenger, the scandal of a New York governor snared in a prostitution case, as well as failures that threatened the paper's standing and reputation, including the discredited coverage of the war in Iraq, the resignation of Judith Miller, the plagiarism scandal of Jayson Blair, and the high-profile ouster of two of its executive editors. Drawing on hundreds of interviews and thousands of documents and letters contained in the newspaper's archives and the private papers of editors and reporters, *The Times* is an inside look at the essential years that shaped the newspaper. Nagourney paints a vivid picture of a divided newsroom fraught with tension as it struggled to move into the digital age while confronting its scandals, shortcomings, and swelling criticism from conservatives and many of its own readers alike. Along the way, we meet the memorable personalities including Abe Rosenthal, Max Frankel, Howell Raines, Joe Lelyveld, Bill Keller, Jill Abramson, Dean Baquet, Punch Sulzberger, and Arthur Sulzberger Jr., who shaped the paper as we know it today. We see the battles between the newsroom and the business operations side, the fight between old and new media, the tension between journalists who tried to hold on to the traditional model of a print newspaper and a new generation of reporters who are eager to embrace the new digital world. Immersive, meticulously researched, and filled with powerful stories of the rise and fall of the men and women who ran the most important newspaper in the nation, *The Times* is a definitive account of the most pivotal years in New York Times history.
