# All About the NFL

American football is a well known game from the United States. It is one of the country's most popular sports.

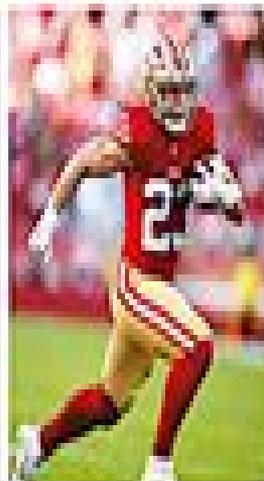

**Did You Know...?**

American football is also played in many other parts of the world, such as the UK, France, Germany and Brazil.

**What Are the Rules?**

American football fields are measured in yards. A yard is slightly shorter than a metre. The aim of the game is to get the highest number of points by moving the ball into the end zone of the other team. This is a section at both ends of the field where teams score.

There are different ways of scoring points during a game of American football. A team can get the most points with a play called a touchdown. This is when a player carries or catches the ball in the other team's end zone. Another way of scoring is kicking the ball through their goal.

**The Players**

There are over 200 players on each team and every one has a job position that they take on. Coaches choose the types of players they need at different points in the game.

**Did You Know...?**

Playing time lasts for 1 hour. However, games last after that much longer because the clock stops between plays.
