MITR Dr. Abhishek B, 2023-09-23 **MITR Manual for Immunohematology and Transfusion Residents** would be a handbook manual for postgraduate students/residents in Transfusion Medicine and Immunohematology. This book would comprise simple notes and tips for the residents to carry out their routine work and planning in the department, guiding them through the residency. Transfusion medicine is a comparatively new branch of Medicine that is an amalgamation of both clinical and laboratory sciences. Currently, there are no books in the market describing how the transfusion medicine resident should align himself to this course to prepare himself to excel in this field. This book will describe the approach to acquiring practical training and knowledge to analyse immunohematological problems and tips for policies in managing a blood centre. It also describes how to carry on yourself concerning academics, thesis, and research. It will also help the junior level faculty as a desk reference.

Twining Anastasia Salter, Stuart Moulthrop, 2021-09-23 Hypertext is now commonplace; links and linking structure nearly all of our experiences online. Yet the literary, as opposed to commercial, potential of hypertext has receded. One of the few tools still focused on hypertext as a means for digital storytelling is Twine, a platform for building choice-driven stories without relying heavily on code. In *Twining*, Anastasia Salter and Stuart Moulthrop lead readers on a journey at once technical, critical, contextual, and personal. The book's chapters alternate careful, stepwise discussion of adaptable Twine projects, offer commentary on exemplary Twine works, and discuss Twine's technological and cultural background. Beyond telling the story of Twine and how to make Twine stories, *Twining* reflects on the ongoing process of making. While there have certainly been attempts to study Twine historically and theoretically, no single publication has provided such a detailed account of it. And no publication has even attempted to situate Twine amongst its many different conversations and traditions, something this book does masterfully.
