**Research Perspectives on Social Media Influencers and their Followers** Brandi Watkins, 2021-03-15 Research Perspectives on Social Media Influencers and their Followers argues that the brands that find the most success on social media are the ones that acknowledge the real key to social media marketing it s all about the followers This collection edited by Brandi Watkins explores how social media has shifted power dynamics away from brands and toward the consumers themselves the social media users who choose to like share and engage with brands online This dynamic has paved the way for the rise of the social media influencer SMI a unique category of social media user who has a large platform and compelling content that attracts a number of loyal and devoted followers It s the followers that make SMI relevant and appealing to brands as a marketing strategy Contributors discuss emerging trends in research related to the SMI and their followers as the influencer marketing industry continues to grow and evolve they argue so too should our understanding of the influencer follower relationship that makes this marketing strategy successful Each chapter of this collection presents a variety of research perspectives questions and methodologies that can be used to analyze this trend Scholars of media studies communication technology studies celebrity studies marketing and economics will find this book particularly useful

**Patience Worth's Magazine** ,1917     **The Publishers Weekly** ,1917     **The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us** Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud s Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you re home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across

different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value
