Reading Bestsellers Danielle Fuller, DeNel Rehberg Sedo, 2023-04-27 Readers are essential agents in the production of bestsellers but bestsellers are not essential to readers' leisure pursuits The starting point in this Element is readers' opinions about and their uses of bestselling fiction in English Readers' relationships with bestsellers bring into view their practices of book selection and their navigation of book recommendation culture Based on three years of original research 2019-2021 including a quantitative survey with readers interviews with social media influencers and qualitative work with international Gen Z readers in a private Instagram chat space the authors highlight three core actions contemporary multimodal readers make choosing connecting and responding in a transmedia era where on and offline media practices co-exist The contemporary multimodal reader or the MMR3 they argue illustrates the pervasiveness of recommendation culture reliance

on trusted others and an ethic of responsiveness
