*Castles Escrow a Metaphysics / Esoteric Approach to Invisible Money* (Susan James) Susan James, *Castles Escrow a Metaphysics Esoteric Approach to Invisible Money* Susan James Susan James wrote in one of her many books *The Done Deal* that circumstances do not matter She goes on to remind us in her newest book *Castles Escrow* that as we choose to understand how applied higher

law as spoken of through Biblical principles Metaphysics and the Esoteric our lives can become more of what we desire for them to be and easier than we would have thought This is cause of great optimism for any of us whom choose these higher understandings Using some concepts offered through the writings of Esther and Jerry Hicks of Abraham Hicks Ms James discusses the how to of the Invisible Escrow the place where all of our desires reside including money prior to appearing physically From The Preface This Book May Be For You If you are someone who wants to believe in what they can t see yet this book may be for you If you are someone who realizes that with a little practice your life could be a little and then a lot better then this book may be for you If you are someone who has read in other places that hope is not a strategy I m here to let you know that hope is a wonderful strategy It is my highest hope for you that you move just a little bit forward feel a little bit better and then see the wonder of your life unfold And if you are someone who is already familiar with themes of this sort you may find something that you enjoy to add to where you already are From The Introduction I ve written in my earlier books some of my experiences and the higher tools I ve used This newest book is simply more of my own expansion from where I have been This book is not for everyone nor is the study and understanding of non physical entities and their way of helping us through others But if you believe in Angels and the like then maybe there s a crack open for some new level of understanding I ve hungered for higher information and then applying what I ve learned in my own experience That s how I know this works And oh yes it is MUCH Easier this way And I LOVE it So The Truth Does Not Bend But Our Use Of It Allows Us To Bend Everything Susan James     Self-transformation of the Forgotten Four-fifths Robert G.
