**Cracks** Sheila Kohler, 2023-02-21 An eerie elliptical masterpiece set in a South African boarding school in the early 1960s First rate psychological suspense played out flawlessly Kirkus Reviews The members of an elite girls swim team are the reigning queens at their South African boarding school And then Italian student Fiamma Corona joins their ranks Beautiful athletic and suddenly commanding all the coach's attention Fiamma is the envy of every girl on the team until the summer she walks into the rural grasslands surrounding the school and disappears Forty years later the former teammates return to the school for a reunion and the memory of that summer emerges like a long buried secret the shocking violent truth of what really happened to Fiamma no longer able to be contained Riveting while evocative of *The Prime of Miss Jean Brodie* and *Picnic at Hanging Rock* Kohler's writing is so smoothly confident and erotic that she has produced a tale resonant with a chilling power all its own Elle A stunning and singular tale of the passion and tribalism of adolescence *Cracks* lays bare the violence that lurks in the heart of even the most innocent Shocking reminiscent of *Lord of the Flies* conjures up the wildness of the veld and the passion and drama of adolescence peculiarly satisfying *The Times Literary Supplement* A disturbing note perfect novel Dissection of evil has rarely been so extravagantly executed *San Francisco Chronicle* Polished compact and chilling Powerful Publishers Weekly *A Library Journal* and *Newsday* Best Book of the Year now a major motion picture starring Eva Green

**The Girl in the Text** Ann Smith, 2019-07-16 How are girls represented in written and graphic texts and how do these representations inform our understanding of girlhood In this volume contributors examine the girl in the text in order to explore a range of perspectives on girlhood across borders and in relation to their positionality In literary and transactional texts girls are presented as heroes who empower themselves and others with lasting effect as figures of liberating pedagogical practice and educational activism and as catalysts for discussions of the relationship between desire and ethics In these varied chapters a new notion of transnationalism emerges one rooted not only in the process through which borders between nation states become more

porous but through which cultural and ethnic imperatives become permeable *Somewhere in the Double Rainbow* Cheryl Stobie, 2007 Bisexuality has been explored in increasing numbers of South African novels published since 1994 In a society previously dominated by an either/or mindset what does this development signify The innovative *Somewhere in the Double Rainbow* answers this question by examining a number of these novels in depth looking at South African literature the nation and citizenship in a new light
