Jr.,2016-11-10 Children s book awards have mushroomed since the early twentieth century and especially since the 1960s  
when literary prizing became a favored strategy for both commercial promotion and canon making There are over 300  
awards for English language titles alone but despite the profound impact of children s book awards scholars have paid  
relatively little attention to them This book is the first scholarly volume devoted to the analysis of Anglophone children s book  
awards in historical and cultural context With attention to both political and aesthetic concerns the book offers original and  
diverse scholarship on prizing practices and their consequences in Australia Canada and especially the United States  
Contributors offer both case studies of particular awards and analysis of broader trends in literary evaluation and elevation  
drawing on theoretical work on canonization and cultural capital Sections interrogate the complex and often unconscious  
ideological work of prizing the ongoing tension between formalist awards and so called identity based awards all the more  
urgent in light of the We Need Diverse Books campaign the ever morphing forms and parameters of prizing and scholarly  
practices of prizing Among the many awards discussed are the Pura Belpr Medal the Inky Awards the Canada Governor  
General Literary Award the Printz Award the Best Animated Feature Oscar the Phoenix Award and the John Newbery Medal  
giving due attention to prizes for fiction as well as for non fiction poetry and film This volume will interest scholars in literary  
and cultural studies social history book history sociology education library and information science and anyone concerned  
with children s literature Best Books for Boys Matthew D. Zbaracki,2008-04-30 Looking for books guaranteed to grab the

them reading to the end Books that will turn them onto reading or turn them from reluctant readers into lifelong readers Dip
