Crossing Over John Edward:

Crossing Over John Edward, 2010-09-07 John Edward takes his fans with him on the extraordinary journey that has been his life. In the style of his TV show and personal appearances poignant, funny, and remarkably candid, John Edward deals head-on with the controversial issues he has confronted on his voyage as a psychic medium. On his way to success and fame, John had to learn his own lessons about the meaning of his work, the motivations of some of the people he encountered, and the spirits who accompanied them. Through his very personal stories, John has brought peace and insight to those grieving for their loved ones, but what makes Edward's memoir unique is how readily he exposes his own vanities and ego bruising. In addition, he provides a behind-the-scenes look at being a television medium, offering an amusing and at times disturbing look at how the ethereal world clashes with the celebrity world. John Edward's wit, warmth, and passion will captivate readers just as it has riveted the millions who view his landmark program.

Crossing Over John Edward, 2001-01-01 In this fascinating book, the incomparable John Edward tells you how to communicate with those on the Other Side, what to expect when you cross over, and how to vanquish any fears you may have. Crossing over is a natural, peaceful, and loving experience, he tells us, that will serve as a wondrous reunion with your loved ones from this life and other lives. John also shows you how to use tools such as meditation and visualization to contact your angels and guides. The difference between angels and guides, he says, is that an angel is an energy that has never had a physical incarnation but who can assist, protect, nurture, and inspire the human condition. A guide may have a physical body at one time and works with you when you choose to incarnate into the physical. This energy stays with you throughout your life to help you in every way. John also goes on to discuss how to understand the power of your own psychic abilities. He insists that everyone has psychic gifts, but most of the time they have been locked away in the recesses of the mind and need to be developed and recognized. You must give yourself permission to perceive and receive energy and then use spiritual tools to enable you to unleash your potential as you embark on your psychic and spiritual journey.

The Afterlife in Popular Culture Kevin O'Neill, 2022-06-17 The Afterlife in Popular Culture Heaven Hell and the Underworld in the American Imagination gives students a fresh look at how Americans view the afterlife helping readers understand how it s depicted in popular culture What happens to us when we die The book seeks to explore how that question has been answered in American popular culture It begins with five framing essays that provide historical and intellectual background on ideas about the afterlife in Western culture These essays are followed by

more than 100 entries each focusing on specific cultural products or authors that feature the afterlife front and center. Entry topics include novels, film, television shows, plays, works of nonfiction, graphic novels, and more, all of which address some aspect of what may await us after our passing. This book is unique in marrying a historical overview of the afterlife with detailed analyses of particular cultural products such as films and novels. In addition, it covers these topics in nonspecialist language written with a student audience in mind. The book provides historical context for contemporary depictions of the afterlife addressed in the entries, which deal specifically with work produced in the 20th and 21st centuries.

Ghosts in Popular Culture and Legend June Michele Pulliam, Anthony J. Fonseca, 2016-09-26. With entries that range from specific works to authors, folklore, and popular culture including music, film, television, urban legend, and gaming, this book provides a single volume resource on all things ghostly in the United States and in other countries. The concept of ghosts has been an ongoing and universal element in human culture as far back as recorded history can document. In more modern popular culture and entertainment, ghosts are a popular mainstay from *A Christmas Carol* and *Casper the Friendly Ghost* to *The Amityville Horror*, *Ghostbusters*, *Poltergeist*, *The Sixth Sense*, and *Ghost Whisperer*. This book comprehensively examines ghost and spirit phenomena in all its incarnations to provide readers with a holistic perspective on the subject. It presents insightful information about the contribution of a specific work or author to establish or further the evolution of ghost lore, rather than concentrating solely on the film, literature, music, or folklore itself. The book focuses on ghosts in western culture but also provides information about spirit phenomena and lore in international settings, as many of the trends in popular culture dealing with ghosts and spirits are informed by authors and filmmakers from Germany, Japan, Korea, and the United Kingdom. The writers and editors are experts and scholars in the field and enthusiastic fans of ghost lore, ghost films, ghost hunting, and urban legends, resulting in entries that are informative and engaging and make this the most complete and current resource on ghost and spirit lore available.

[No Reason for Goodbyes](#) Chassie West, 2011-02-04. *No Reason for Goodbyes: Messages from Beyond Life* is a compilation of over one hundred instances of messages or contacts from the departed, submitted by the men and women who experienced them, contributors from the United States, Canada, the United Kingdom, and as far away as Australia. There is Colleen, who during the Arlington National Cemetery memorial service for her father, a veteran of World War II, saw him standing tall and erect in the distance for the playing of the Marine Corps Hymn. And Jacki, who as she knelt to pray the Rosary before bedtime, felt a presence beside her and heard the voice of her late father: "Teach me how to say it." And Tylers' sister Robyn, who died in infancy, sending a message during a television show that she liked the new athletic shoes he'd just bought. Incidents such as these leave no doubt of the continuation of life beyond physical death and the assurance that our loved ones remain with us still. Transcripts and detailed messages from the departed, courtesy of well-known psychic mediums during group and one-on-one readings, offer further proof of continued life after death. And from Patti Sinclair, a professional psychic medium, along with Dr. Bhrett McCabe, a licensed clinical psychologist, and his mother,

Mary Jo McCabe a professional psychic intuitive we are given sage advice for those among us who are skeptical or grieving No Reason for Goodbyes strongly suggests that we rethink everything we have believed about the finality of death It confirms that those who have departed from our physical world can and do reach out and touch in some cases quite literally and that love is indeed eternal If there was ever a time for a paradigm shift about the way we view death that time is now
