## Goodreads Choice Best Returns:

**Crash Course in Readers' Advisory** Cynthia Orr, 2014-12-05 One of the key services librarians provide is helping readers find books they'll enjoy. This crash course will furnish you with the basic practical information you need to excel at readers advisory. RA for adults and teens. The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous. Often uncertainty arises because although librarians are called on to perform such services daily readers advisory is a skill set in which most have no formal training. This guide will remedy that. It is built around understanding books, reading and readers and will quickly show you how to identify reading preferences and advise patrons effectively. You'll learn about multiple RA approaches such as genre appeal, features and reading interests and about essential tools that can help with RA. Plus you'll discover tips to help you keep up with this ever-changing field. There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds. Helping readers find what they want is a sure way to serve patrons and build your library's brand. You will come away from this easy-to-understand crash course with the solid background you need to do both.

*Everyone on This Train Is a Suspect* Benjamin Stevenson, 2024-01-30 From the bestselling author of *Everyone in My Family Has Killed Someone* a fiendishly fun locked room train murder mystery in the spirit of *Murder on the Orient Express*. With Ernest Cunningham Stevenson has brought a modern day Poirot to the mystery scene. Michelle Carpenter When the Australian Mystery Writers Society invited me to their crime writing festival aboard the Ghan the famous train between Darwin and Adelaide I was hoping for some inspiration for my second book. Fiction this time I needed a break from real people killing each other. Obviously that didn't pan out. The program is a who's who of crime writing royalty: the debut writer, me, the forensic science writer, the blockbuster writer, the legal thriller writer, the literary writer, the psychological suspense writer. But when one of us is murdered the remaining authors quickly turn into five detectives. Together we should know how to solve a crime. Of course we should also know how to commit one. How can you find a killer when all the suspects know how to get away with murder?

[All the Dangerous Things](#) Stacy Willingham, 2023-01-10 Following up her instant New York Times bestseller *A Flicker in the Dark* Stacy Willingham delivers a totally gripping thriller about a desperate mother with a troubled past. In *All the Dangerous Things* One year ago Isabelle Drake's life changed forever. Her toddler son Mason was taken out of his crib in the middle of the night while she and her husband were asleep in the next room. With little evidence and few leads for the police to chase the case quickly went cold. However Isabelle cannot rest until Mason is returned to her. Literally. Except for the occasional catnap or small blackout where she loses track of time she hasn't slept in a year. Isabelle's entire existence now revolves around finding him but she knows she can't go on this way forever. In hopes of jarring loose a new witness or buried clue she agrees to be interviewed by a true crime podcaster but his interest in Isabelle's past makes her nervous. His incessant questioning paired with her severe insomnia has brought up

uncomfortable memories from her own childhood making Isabelle start to doubt her recollection of the night of Mason's disappearance as well as second guess who she can trust including herself But she is determined to figure out the truth no matter where it leads
