The Insta-Food Diet Pixie Turner, 2020-08-06 Social media is a major part of modern life Most of us can't imagine not using it and it's unrealistic to assume that's even possible We are obsessed with social media We share pictures of our food and inspect what everyone else is eating compare calories and macros and get involved in wacky and dangerous food challenges We think we're in control but most of us have no idea how much of an impact it has Did you realise that posting pics of your meal can actually make it taste better That clean eating is giving you anxiety That the influencers you follow are actually shaping government policy around food Pixie Turner is here to arm you with everything you need to know to take back control and make social media work for you [Writing Literature Reviews](#) Melisa C. Galvan, Jose L. Galvan, 2024-11-14 [Writing Literature Reviews](#) A Guide for Students of the Social and Behavioral Sciences provides students with practical guidelines for the complex process of writing literature reviews for course projects theses or dissertations and research manuscripts for publication This bestselling book follows a systematic natural progression of steps and focuses on the writing of critical reviews of original research Steps and guidelines are organized sequentially and are illustrated with examples from a wide range of actual and recent academic journals Each chapter is designed to scaffold and help students develop a set of specific products that will contribute to a competent literature review [Writing Literature Reviews](#) is ideal for use in research methods courses thesis dissertation preparation courses research seminars where a literature review is expected as a culminating activity or any course in which the instructor needs to cover the vital components necessary to prepare a literature review for a variety of audiences The book is supported by online materials including self-test quizzes for students and lecture slides for instructors New to this edition Expanded sections on plagiarism and selection bias Updated chapter examples and references Expanded discussion of digital research tools Discussion of the implications of AI use New model literature reviews that complement existing reviews that our longtime adopters have found useful These can serve as the basis for classroom discussions and as source material for end of chapter activities as needed **Young People and Social Media: Contemporary Children's Digital Culture** Steve Gennaro, Blair Miller, 2021-10-05 [Young People and Social Media: Contemporary Children's Digital Culture](#) explores the practices relationships consequences benefits and outcomes of children's experiences with on and through social media by bringing together a vast array of different ideas about childhood youth and young people's lives These ideas are drawn from scholars working in a variety of disciplines and rather than just describing the social construction of childhood or an understanding of children's lives this collection seeks to encapsulate not only how young people exist on social media but also how their physical lives are impacted by their presence on social media One of the aims of this volume in exploring youth interaction with social media is to unpack the structuring of digital technologies in terms of how young people access the technology to use it as a means of communication a platform for identification and a tool for participation in their larger social world During longstanding and continued experience in the

broad field of youth and digital culture we have come to realize that not only is the subject matter increasing in importance at an immeasurable rate but the amount of textbooks and or edited collections has lagged behind considerably There is a lack of sources that fully encapsulate the canon of texts for the discipline or the rich diversity and complexity of overlapping subject areas that create the fertile ground for studying young people s lives and culture The editors hope that this text will occupy some of that void and act as a catalyst for future interdisciplinary collections Young People and Social Media Contemporary Children s Digital Culture will appeal to undergraduate students studying Child and Youth Studies and given the interdisciplinary nature of the collection scholars researchers and students at all levels working in anthropology psychology sociology communication studies cultural studies media studies education and human rights among others Practitioners in these fields will also find this collection of particular interest

enduring foundational understanding of psychological science *The Power of Real Optimism* Deepika Chopra, 2026-03-10

Optimism isn't about pretending everything is fine. It's about staying open and flexible, especially when it's not. In this fresh, science-backed debut, professional psychologist and media expert Dr. Deepika Chopra shows us how to build the kind of optimism that can actually withstand real life. We've been sold the idea that optimism is a mood, a mindset, or worse, just an inherent trait. But what if real optimism is something else entirely? In *The Power of Real Optimism*, Dr. Deepika Chopra, known as The Optimism Doctor, offers a radically different definition: optimism as a science, a skill, and a psychological muscle we can strengthen. Drawing from over a decade immersed in the science of resilience, emotional well-being, and cognitive psychology, as well as her work with clients, innovative workshops, and hallmark practices, think evidence-based visualization, narrative reframing, her signature self-worth work, and even color therapy, Dr. Chopra offers a toolkit for navigating the chaos, uncertainty, and nuance of being human without losing yourself to it. Grounded, practical, and poetic in all the right ways, this book will challenge your relationship with hope, rewire how you recover from hard things, and invite you to stay soft without falling apart. With her blend of intimate storytelling, psychological insight, and tangible tools, including a 33-day Real Optimism Challenge, Dr. Chopra offers something far more enduring than a quick fix or fleeting affirmation. She invites us into a deeper, more resilient way of living, one where we can stay curious in the face of fear, open in the face of grief, and grounded even as the world wobbles beneath us. Because real optimism doesn't deny the dark, it teaches us how to see in it. **SEMI-GLOSS**

Justine Cullen, 2021-05-04

A witty, intelligent, and razor-sharp ride through life that is a true delight to read by one of Australia's most beloved writers, Zoe Foster Blake. This is not a self-help book or a memoir; it's definitely not *The Australian Devil Wears Prada*. In her collection of autobiographical essays, fashion magazine editor Justine Cullen takes us on a hilariously candid exploration of her life so far and all the mistakes she's made along the way. *Semi-Gloss* is an intimate, sharp, and witty look at growing up and growing older from the kind of woman who seems like she has it all together: the glamorous job, the perfect family, the killer wardrobe. But chipping away at that shiny, sparkly surface, Justine reveals the beautiful mess that lies beneath. A wildly entertaining and sometimes bumpy ride through a life well-lived by one of Australia's most respected female voices.
