Readers' Guide to Periodical Literature ,1953      **Resources in education** ,1989-04      Digital Character Development  
Rob O'Neill,2015-10-07 Every animated film and video game production spends a large percentage of its resources and time on advancing the quality of the digital characters inhabiting the world being created This book presents the theory and practice behind the creation of digital characters for film and games using software agnostic descriptions that apply to any animation application It provides insight from a real production environment and the requirements that such an environment imposes With rich illustrations and visual code examples throughout this book provides a comprehensive roadmap to character development for both professionals and students      **The Institute Tie** ,1917      **Canfield Guide to Classical Recordings** ,2000      Word Art + Gesture Art = Tone Art Hanns-Werner Heister,Hanjo Polk,Bernhard Rusam,2023-03-06  
This book offers a truly interdisciplinary discussion on the relationship between the vocal and the instrumental in music and other arts and in everyday communication alike Presenting an in depth systematical and historical analysis of the evolution of word and gesture art it gives extensive information on the anthropological biological and physiological influences and interactions in music and beyond The book gives a unique definition of the genuinely vocal and instrumental from their generative deep structure They derive from and are determined in their production by the duality of voice and hands and in terms of product as the tone or tonal on the one hand and the percussive that is noise plus rhythm on the other This book succeeds in bringing together perspectives from art and from natural and social sciences merging them to offer new explanations about the relationship between the vocal and instrumental and eventually about the origins of music arts and language It offers new perspectives on the intertwining between the vocal and the instrumental specifically in the context of the expressions of human languages At the same time this book aims at clarifying and explaining the role of words and gestures in different contexts such as society and communication education and arts      **Catalog of Copyright Entries.
