In her latest edition of *Reciprocal Teaching at Work*, she demonstrates how to scaffold instruction so that all K-12 students can benefit from reciprocal teaching techniques, what she calls the Fab Four: predicting, questioning, clarifying, and summarizing, in whole-group, guided reading, and book club settings for both fiction and informational texts. In clearly delineated lessons and minilessons, Lori deftly shares how to support students' learning, including English language learners and students who struggle, so they can successfully apply and monitor those four discussion strategies as well as troubleshoot problems to yield significant progress in their reading comprehension. Filled with great practical ideas, this gem of a book is a must-have for all literacy educators. Regie Routman, author of *Read Write Lead*, *Literacy Essentials*, and *Reading Essentials*.
