

Proposal of Two Training Programmes by COMRA in 2015

Overview of on-land training programmes in 2015

In accordance with the Annex 3 of the 'CONTRACT FOR EXPLORATION FOR POLYMETALLIC SULPHIDES' between the International Seabed Authority (ISA) and China Ocean Mineral Resources R & D Association (COMRA), COMRA is scheduling to provide on-land training opportunities for four trainees in 2015. Two trainees from developing states will receive training in a fellowship programme, and another two trainees from developing states will be trained in an engineering training programme.

Objectives of the training programmes

- The objectives of the fellowship training programme are for the capacity building of trainees from developing States through theoretical graduate courses, practical laboratory data analysis, which may help the trainees improve their future scientific research level, especially in study of ocean polymetallic sulphides.
- The objectives of the engineering training programme are for the capacity building of trainees from developing States through graduate engineering courses, training of investigation skills as well as data analysis and interpretation, which may attribute to the applications of engineering and techniques in their future career.

Training institutions for the programmes

The fellowship training programme and engineering training programme will be undertaken in cooperation with both Second Institute of Oceanography in Hangzhou, China and Zhejiang University in Hangzhou, China.

Second Institute of Oceanography has experiences in providing training courses in the field of marine science and technology, especially in mid-ocean ridge study.
