Stephen Kurczy embedded in Green Bank making the residents of this small Appalachian village his neighbors He shopped at the town s general store attended church services went target shooting with a seven year old square danced with the locals sampled the local moonshine In The Quiet Zone he introduces us to an unforgettable cast of characters There is a tech buster patrolling the area for illegal radio waves electrosensitives who claim that WiFi is deadly a sheriff s department with a string of unsolved murder cases dating back decades a camp of neo Nazis plotting their resurgence from a nearby mountain hollow Amongst them all are the ordinary citizens seeking a simpler way of living Kurczy asks Is a less connected life desirable Is it even possible The Quiet Zone is a remarkable work of investigative journalism at once a stirring ode to place a tautly wound tale of mystery and a clarion call to reexamine the role technology plays in our lives
