Russell, 2012-08 Licensed nurse Sonia Russell LPN is recognized as a leading expert in hCG diet research and weight loss safety. Many dieters have claimed to be weak, tired, complain of hunger, frequent headaches, and hair loss on the original 500-calorie VLCD. The HCG Diet 800 Calorie Protocol was developed from years of patient data obtained in the clinical setting to provide the dieter with a safer, effective, and more comfortable plan. The 800 Calorie Protocol includes the use of vitamins and minerals, adding breakfast, more protein sources, an extra fruit serving, and more food choices. The results have shown to yield the same, if not better, weight loss when compared to the original 500-calorie protocol. The modified version also includes an improved phase 3 stabilization plan by removing certain foods that many dieters have been known to overindulge upon. The 800 Calorie Protocol teaches the principals of eating clean by prohibiting canned and processed foods, fat-free, sugar-free, store-bought foods, or products containing preservatives, flavor enhancers, pesticides, herbicides, sugar substitutes, corn syrups, or hormones. The dieter will learn healthier ways to grocery shop, read food labels, and prepare and cook healthier foods. The HCG Diet 800 Calorie Protocol Second Edition contains detailed updates to each phase of the 800 Calorie Protocol, including new stall-breaking techniques, egg white protein alternatives, approved breakfast protein shakes, updates to the phase 2 food guide, phase 2 allowable water, veggies, more delicious phase 2 and 3 recipes, sample menus for phases 2 and 3, a detailed phase 3 stabilization plan, dieter testimonials, all required hCG essentials, updated hCG diet FAQs, recommended supplements, calorie counting charts, and exercise routines. **Keto for Beginners** Stefano Villa, 2019-03-29 Are You Ready To Lose Weight with The Keto Diet Easily? [Neris and India's Idiot-Proof Diet](#) Neris Thomas, India Knight, 2008-12-14 Ever hankered for a diet book by and for real people people who you know actually have a life. Congratulations you've just picked it up. Before we began our diet Neris and I weighted 434 pounds between us. Our goal was to lose 140 pounds between us in under a year to go from a size 22 to a size 14. And we did it. If two unusually greedy cocktail loving moms can lose this amount of weight without much effort so can anyone. This book tells you how two friends did it and how you can do it too. It's not a diet devised by some bossy string bean who has never been more than 7 pounds overweight nor by a fat middle-aged doctor but a real long-term workable diet for real people. A modified and therefore bearable low carb high protein way of eating the diet really works and includes meal plans, recipes, advice on clothes, make up and hair at every stage from fat to thin. It doesn't include impossible exercise routines or disgusting things to eat. Above all it gets to the bottom of why we overeat and shows you how to stop. There's never been a diet book like it for women by women with jokes and useful tips and advice that is truly simple to follow. What other diet book tells you to pour yourself a large drink at the end of the day because you've earned it. You'll laugh out loud. Reading this book is like talking to a clued-up friend who also makes you feel great about yourself. amazingly frank the honesty of their confessions exceed anything previously published. *The Evening Standard*
