Artificial Intelligence in Precision Drug Design, Volume 2 Khalid Raza, 2026-03-06 Artificial Intelligence in Precision Drug Design Volume 2 Advanced Applications explores the transformative role of AI in modern drug discovery and development presenting cutting edge research and methodologies that integrate machine learning network pharmacology and computational modeling to accelerate therapeutic innovation It covers a wide range of applications including AI driven drug repurposing combination therapies cancer immunotherapy neuroscience vaccine development and molecular dynamics but also delves into emerging technologies such as quantum computing large language models and graph neural networks Designed for academics this volume provides researchers

clinicians and graduate students with a resource on the latest AI methodologies in precision medicine Users will find this to be a great resource that supports evidence based innovation fosters interdisciplinary collaboration and equips them with insights to advance personalized healthcare solutions Presents state of the art research on AI driven drug repurposing combination therapies vaccine development and molecular modeling offering a comprehensive view of current innovations Covers cutting edge AI applications across drug discovery Combines machine learning network pharmacology quantum computing and large language models to address complex biomedical challenges with precision and scalability Equips scholars clinicians and graduate students with practical insights and frameworks to accelerate personalized medicine and foster interdisciplinary collaboration

Proceedings of the 2025 5th International Conference on Education, Language and Art (ICELA 2025) Michail Kalogiannakis,Şirin Karadeniz Oran,Kwang Sik Chung,Tajularipin Bin Sulaiman,2026-03-17 This is an open access book The 2025 5th International Conference on Education Language and Art ICELA 2025 is scheduled to take place from November 28 to 30 2025 in Beijing China The conference will focus on exploring and applying innovative strategies in Education Linguistics and Arts and Humanities It serves as a platform for professionals to analyze and evaluate educational linguistic and artistic practices within cross cultural contexts and to propose innovative solutions The aim is to foster interdisciplinary collaboration among professionals in these fields thereby more effectively addressing evolving societal trends We anticipate that many distinguished scholars from diverse international backgrounds will attend the conference

Migraine and Headache Disorders Paolo Martelletti,Matilde Leonardi,Tissa Wijeratne,2026-02-06 The proposed book stands as a pioneering and unique contribution in the literary landscape addressing a critical intersection of health and sustainable development Migraine often relegated to the sidelines in discussions about global health emerges as a neglected disorder with profound implications for the achievement of SDG3 ensuring healthy lives and promoting well being for all at all ages What sets this book apart is its strong commitment to unraveling the complexities surrounding migraine within the context of SDG3 Migraine despite its prevalence and debilitating impact on individuals has long been overshadowed by other health concerns This book challenges this neglect providing an in depth exploration of the socio economic factors contributing to the oversight of migraine and proposing actionable strategies aligned with SDG3 to rectify this global health blind spot The scope of the book extends far beyond conventional medical discourse delving into the economic social and cultural dimensions of migraine s impact It not only elucidates the physiological aspects of the disorder but also addresses the intricate web of factors hindering its recognition and adequate treatment on a global scale By intertwining the narrative with SDG3 the book aims to ignite a paradigm shift compelling stakeholders to recognize migraine as a pivotal player in the pursuit of universal health This book s target readership comprises not only neurologists seeking a comprehensive understanding of migraine but also brain health advocates worldwide By appealing to a diverse audience it aspires to foster a collaborative approach to tackle migraine within the framework of SDG3 The book s unique blend of

medical insights global health perspectives and advocacy strategies makes it an indispensable resource for those committed to advancing neurological health and realizing the vision of SDG3 on a global scale In essence this book is poised to be a catalyst for change altering the trajectory of how migraine is perceived treated and integrated into the broader discourse of sustainable development

Proceedings of the 5th International Conference on AI Research Renata Paola Dameri, The International Conference on AI Research ICAIR is becoming a key forum for academics and students whether social scientists natural scientists or philosophers come together to explore the future of society in the context of AI Many aspects of AI are now the subject of peer reviewed academic research including the increasing use of Chatbots and GenAI in academe and in society at large The conference was initially launched in 2019 as the European Conference on Artificial Intelligence and Robotics After a success inaugural event in Oxford the conference fell victim to Covid and the following three years were held online Time was taken in 2023 to refocus this fast developing area of research and the name of the conference was changed this year to the International Conference on Artificial Intelligence The Proceedings of the 2025 edition of the conference include academic research papers PhD research papers Masters Research papers and work in progress papers all of which have been presented and discussed at the ICAIR 2025 conference The proceedings are of an academic level appropriate to a professional research audience including graduates postgraduations doctoral and post doctoral researchers All papers have been double blind peer reviewed by members of the Review Committee

Artificial Intelligence in Educational and Business Ecosystems: Convergent Perspectives on Agency, Ethics, and Transformation Charity M. Dacey, Jasmin Cowin, Joy de los Reyes, 2026-03-13

Artificial Intelligence AI has received a great deal of attention as educational systems have been increasingly affected by rapid technological changes We invite proposals examining the dynamic interplay between human educators learners and artificial intelligence systems in contemporary educational spaces Recent advances in AI have fundamentally altered the educational landscape creating novel forms of cognitive extension and pedagogical possibility This transformation demands rigorous transdisciplinary investigation into how AI systems human actors and learning environments coalesce into dynamic educational assemblages We seek contributions that explore these emerging phenomena through multiple theoretical lenses and methodological approaches As AI systems become increasingly sophisticated anthropomorphic participants in educational processes we must reconceptualize traditional frameworks of teaching and learning This calls for examination of how cognition is distributed across human AI networks how agency emerges from these interactions and how educational spaces are transformed by these new configurations Critical questions arise about the nature of knowledge construction the role of embodied experience and the ethical implications of AI mediated learning AI will have an exponential impact on pedagogy and there are wider implications as well which may call for thoughtful policy revisions We are seeking transdisciplinary perspectives to facilitate a fertile dialogue about the transformative impact of AI in education and business given these fields are uniquely intertwined Many questions that can be

addressed include How will AI simulations in various disciplines be designed and experienced How can teachers faculty be encouraged to embrace gamification without compromising student s engagement What will AI s role be in fundamental learning communication and cognitive development of students Will there be effects on embodied cognition and experiential learning What are they How should educational governance units respond to AI integration in education and business environments and address data privacy issues What are the ethical challenges of AI in business education and how can AI be effectively incorporated in creating work force ready business graduates with a foundation in business ethics How do businesses mitigate the potential for deceptive marketing in a world of AI while maintaining profitability What are the concerns about potential centralization of power of educational technology companies In what ways can educational leaders ensure that AI prevents educational inequities and biases rather than fostering them What is AI s exponential impact on pedagogy What are the opportunities and possible affordance frameworks of AI s potential in personalizing learning and enhancing interactive dynamics What are the risks of diminishing human roles in education For this article collection we seek manuscripts with a focus on AI that address some of these questions We are particularly interested in addressing AI across all three levels of multi tiered systems of support MTSS in terms of academics social emotional and behavioral development For this Research Topic we welcome a breadth of research from a wide range of contexts perspectives and methodological approaches to bring in more possibilities for research on teacher innovative collaborative and ethical classroom AI practices

Men age like wine, women age like milk. On the differing evaluation of aging (and body size) depending on gender Michelle Paul,2026-02-18 Essay from the year 2025 in the subject Gender Studies grade 1 0 University of Rome La Sapienza ITALIANO DI STUDI ORIENTALI course Culture Gender Media language English abstract The essay Men age like wine women age like milk On the differing evaluation of aging and body size depending on gender examines how gendered double standards shape the social evaluation of aging and body size in contemporary media culture Using a popular internet meme comparing Tom Cruise and Kelly McGillis in 1986 and 2022 as a case study the analysis explores how men's aging is culturally framed as dignified and attractive while women's aging and weight gain are treated as signs of failure and decline The theoretical framework draws on Susan Sontag's concept of the double standard of aging Sylvia Walby's theory of patriarchy Rozanova's discourse of successful aging and Taylor and Hoskin's work on the intersection of fatness and femininity These perspectives situate the

meme within broader patriarchal structures that systematically privilege men while subjecting women to intensified bodily surveillance and aesthetic expectations The analysis demonstrates that aging is not treated as a neutral biological process but as a socially evaluated marker of worth In Western media culture successful aging is associated with youthfulness productivity and self control However these expectations are gendered masculinity is linked to competence and authority qualities that are not undermined by age whereas femininity is culturally tied to youthfulness and thinness As a result women s aging is interpreted as a loss of value The meme reinforces this logic by presenting Cruise s aging as natural and respectable while McGillis s visible aging and weight gain are implicitly framed as personal shortcomings Body size intensifies this inequality The essay argues that femininity is culturally constructed as small controlled and visually pleasing meaning that larger female bodies are read as excessive and undisciplined In this way aging and fatness intersect as mechanisms of gendered control The meme though seemingly humorous functions as a vehicle for circulating and normalizing patriarchal standards By presenting its message through minimal text and visual contrast it frames gendered bias as common sense Ultimately the essay concludes that such memes are not harmless jokes but cultural artifacts that reproduce structural inequalities They contribute to a broader system in which women s worth is tied to youth and thinness while

AI Tools for Online Business 2025: Proven Strategies to Automate, Grow, and Profit Logan Carter Winslow
,2025-07-14 AI Tools for Online Business 2025 Proven Strategies to Automate Grow and Profit Overwhelmed by manual tasks in your online business Facing tight margins and growing competition in 2025 AI Tools for Online Business 2025 arms entrepreneurs with practical plug and play AI strategies to automate operations scale marketing and boost profits without needing coding skills What You ll Discover Inside Smart AI Setup Learn to select and integrate tools like ChatGPT Zapier ManyChat Jasper and AI powered CRMs step by step Effortless Automation Automate customer support lead capture product recommendations and email nurturing to save hours daily Growth Focused Marketing Drive traffic and conversions with AI driven content creation ad optimization and targeted campaigns Money Savvy Analytics Monitor your sales ROAS KPIs and customer behavior using AI dashboards no spreadsheet headaches Real Life Case Studies See how entrepreneurs from niches like coaching e commerce and service based business are succeeding with AI in 2025 How This Book Helps You Free Up Time Energy Automate repetitive processes so you can focus on strategy and growth Scale Faster Use smart AI tools to improve productivity customer reach and revenue without hiring staff Boost Profit Margins Use AI for smarter pricing upselling ad bidding and customer segmentation Master the Future Equip your business with future proof systems that work today and thrive tomorrow Who It s For Self employed professionals solopreneurs Small business owners scaling online operations e Commerce retailers focusing on efficiency and growth Consultants coaches service providers wanting sustainable systems Why You Should Buy Now Updated for 2025 Stay ahead with current AI tools and evolving digital landscapes No Technical Experience Required Easy to follow walkthroughs designed for non tech users Turnkey Templates
