Closeness Engineering. Lanfranco Colella, 2026-02-13 We monitor our daily steps analyze our finances with spreadsheets and design quarterly strategies for our professional careers However when it comes to the most critical decision of our existence choosing with whom to share it we leave it to pure chance And why Because love just happens it will appear when you least expect it and applying logic to romance is a calculated act of coldness that kills the magic The central premise of this work is that human relationships are complex systems And like any system they have rules points of failure performance metrics and optimization protocols So if you can manage a project you can manage your love life If you can analyze data you can predict your compatibility If you can build you can love 1 You will learn to conduct an audit of your emotional availability before entering the dating scene 2 You will design an implementation strategy i e a funnel to generate

and filter opportunities without wasting time 3 And for the first time you ll learn to measure results with real KPIs that will tell you if you re building something solid or just decorating a structure about to collapse Romance doesn t die when you understand it it becomes sustainable Stop waiting to be chosen Stop waiting to get lucky Welcome to engineering your own happiness

So You're an Atheist. Now What? Yuriy Nikshych,2015-04-01 What will everyone think once they find out that you re an atheist How will you find happiness now that you no longer believe This handbook for the newly deconverted offers support and helps readers learn to find meaning shed the emotional baggage defend your position in debates and become awesome This book is not aimed at people who are questioning their faith it doesn t aim to deconvert anyone Rather this book is designed for atheists especially those who have recently woken up to find their faith is gone You may still be getting used to your new worldview and you may still have an irrational lingering fear of hell even though you re no longer a believer The author explores the questions that may be swirling in your mind Where do atheists get their morals from How do you let go of the emotional scars of religion How do you talk to believers how can you address the most common arguments that believers might raise Most important how do you find meaning in life This book draws on the work of an army of freethinkers who came before It s a cheerful review of the atheist s problems and how to get on with life with more freedom and vigor than ever

How the Jester Became King Charlie Stanton,2024-12-17 17 years ago I started a little gambling rag in my parents basement called Barstool Sports I had no idea nobody could predict the wild ride that it would set my life on Dave Portnoy January 2020 Dave Portnoy s unpredictable rise to fame and fortune didn t happen overnight And as Barstool s Kevin Clancy explained It ll never happen again From handing out newspapers alone in a dirty subway station to selling his digital media company for half a billion dollars and then buying it back for 1 Portnoy s 20 year controversy filled Barstool Sports adventure is one you have to read to believe
