*Education and the Politics of Time* Ronni Laursen, Miriam Madsen, 2026-01-07 Education and the politics of time temporal governance in teaching and learning explores how time its organization regulation and lived experience structures education across diverse contexts Organized into four thematic sections the book's 17 chapters offer critical analyses and vivid empirical accounts that expose the politics of time in education The first section the national and transnational politics of time shows how reforms and policy agendas impose particular temporal logics on education systems The second the politics of institutional time investigates how preschools schools and universities govern everyday life through calendars timetables and institutional rhythms The third the politics of teachers time examines how temporal pressures shape professional work identity and wellbeing The fourth the politics of students time traces how temporal expectations regulate students learning trajectories aspirations and everyday experiences Taken together these chapters reveal how the politics of time shape educational practices in contested ways and toward different ends With contributions from scholars based in Denmark Sweden Finland Australia Kenya Chile and the USA the volume situates local cases within wider global dynamics Rather than treating time as neutral the book insists on its political character showing how temporal norms structure identities possibilities and inequalities and how they might be reimagined

changes in Russia's space posture. These changes are evident in the adjustment of Russia's space policies and programmatic goals in the restructuring of the domestic space industry as well as in the attitude towards international space partnerships.

*Military Review*, 2014     **Knowledge, Technology Transfer and Foresight** A. Inzelt, R. Coenen, Reinhard Coenen, 1996-09-30 Proceedings of the NATO Advanced Research Workshop Budapest Hungary October 12-14 1995     **OSU Research Review**, 1964     **Space Manufacturing**, 1995     **At a Loss for Words** Carol Off, 2024-09-03 AN INSTANT 1 NATIONAL BESTSELLER A HILL TIMES BEST BOOK 2024 Award winning author and broadcast journalist Carol Off digs deep into six words whose meanings have been distorted and weaponized in recent years including democracy, freedom, and truth and asks whether we can reclaim their value. As co-host of CBC Radio's *As It Happens*, Carol Off spent a decade and a half talking to people in the news five nights a week. On top of her stellar writing and reporting career, those 25,000 interviews have given her a unique vantage point on the crucial subject at the heart of her new book: how in these polarizing years words that used to define civil society and social justice are being put to work for a completely different political agenda. Or they are being bleached of their meaning as the values they represent are mocked and distorted. As Off writes, "If our language doesn't have a means to express an idea, then the idea itself is gone; even the range of thought is diminished." And as she argues, that's a dangerous loss. In six wide-ranging chapters, Off explores the mutating meanings and the changing political impact of her six chosen words: freedom, democracy, truth, woke, choice, and taxes, unpacking the forces from right and left that have altered them beyond recognition. She also shows what happens when we lose our shared political vocabulary: we stop being able to hear each other, let alone speak with each other in meaningful ways. This means we stop being able to reckon with the complexity of the crises we face, leaving us prey to conspiracy theories, autocrats, and the machinations of greed. *At a Loss for Words* is both an elegy and a call to arms.
