There's a Place For Us: The Musical Theatre Works of Leonard Bernstein Helen Smith, 2017-07-05 Leonard Bernstein was the quintessential American musician Through his careers as conductor pianist teacher and television personality he became known across the US and the world his flamboyance and theatricality making him a favourite with audiences if not with critics However he is perhaps best remembered as a composer particularly of the musical *West Side Story* and for songs such as *America Tonight* and *Somewhere* Dr Helen Smith takes an in depth look at all eight of Bernstein's musical theatre works from the early *On the Town* written by the 26 year old composer at the start of his career to his second and last opera *A Quiet Place* in 1983 in between these two pieces he composed music for *Trouble in Tahiti* *Wonderful Town* *Candide* *West Side Story* *Mass* and *1600 Pennsylvania Avenue* These works are analysed and considered against a background of musical and social context as well as looking at Bernstein's other orchestral choral and chamber works One important aspect examined is Bernstein's use of motifs in his theatre compositions which takes them out of the realms of Broadway and into the sphere of symphonic writing Smith provides an indispensable overview of the musical theatre works of an eclectic composer and shows what it is that constitutes the Bernstein sound [Dance and Activism](#) Dana Mills, 2021-01-28 This study focuses on dance as an activist practice in and of itself across geographical locations and over the course of a century from 1920 to 2020 Through doing so it considers how dance has been an empowering agent for political action throughout civilisation *Dance and Activism* offers a glimpse of different strategies of mobilizing the human body for good and justice for all and captures the increasing political activism epitomized by bodies moving on the streets in

some of the most turbulent political situations This has most recently undoubtedly been partly owing to the rise of the far right internationally which has marked an increase in direct action on the streets Offering a survey of key events across the century such as the fall of President Zuma in South Africa pro reproductive rights action in Poland and Argentina and the recent women s marches against Donald Trump s presidency you will see how dance has become an urgent field of study Key geographical locations are explored as sites of radical dance the Lower East Side of New York Gaza Syria Cairo Iran Iraq Johannesburg to name but a few and get insights into some of the major figures in the history of dance including Pearl Primus Martha Graham Anna Sokolow and Ahmad Joudah Crucially lesser or unknown dancers who have in some way influenced politics all over the world are brought into the limelight the Syrian ballerinas and Hussein Smko for example Dance and Activism troubles the boundary between theory and practice while presenting concrete case studies as a site for robust theoretical analysis
