Called to Freedom Elise Daniel, 2017-01-09 Conservatism Republican politics and traditional Christianity are thought by some to go together like baseball and apple pie Yet for a growing number of people libertarian political thought provides an alternative to the traditional Christian right That number includes the six young authors of this book who explore and expound the case that one can be both a Christian and a libertarian Called to Freedom explores the major points of tension between the Christian faith and political liberty to demonstrate why the two can coexist in harmony Through their own personal experiences and from six different perspectives the authors offer both thoughtful arguments and encouragement to anyone navigating the space between Christianity and libertarianism It is in that space that the authors have found a home one that prioritizes the kingship of Jesus Christ and the inherent dignity of the people created in his image If you are a Christian exploring libertarian thought or if you feel caught between your Christian beliefs and libertarian political instincts this book is written for you
