Strategic Financial Management Casebook Rajesh Kumar,2017-01-05 Strategic Financial Management Casebook strategically uses integrative case studies cases that do not emphasize specific subjects such as capital budgeting or value based management to provide a framework for understanding strategic financial management By featuring holistic

presentations the book puts readers into the shoes of those responsible for the world's largest wealth creators. It covers strategies of growth, mergers and acquisitions, financial performance analysis over the past decade, wealth created in terms of stock returns since its listing in stock market, investment and financial decisions, cost of capital and corporate valuation. In addition, the casebook also discusses corporate restructuring activities undertaken by each company. Each chapter follows a template to facilitate learning and each features an Excel-based case analysis worksheet that includes a complete data set for financial analysis and valuation. Introduces a conceptual framework for integrating strategy and finance for value creation. Emphasizes the roles of corporate governance, corporate social responsibility and risk management in value creation. Encourages an analysis of investment financing and dividend decisions. Examines non-financial factors that contribute to value.
