The Design of Future Things Don Norman, 2009-05-12 Donald A Norman a popular design consultant to car

manufacturers computer companies and other industrial and design outfits has seen the future and is worried In this long awaited follow up to *The Design of Everyday Things* he points out what s going wrong with the wave of products just coming on the market and some that are on drawing boards everywhere from smart cars and homes that seek to anticipate a user s every need to the latest automatic navigational systems Norman builds on this critique to offer a consumer oriented theory of natural human machine interaction that can be put into practice by the engineers and industrial designers of tomorrow s thinking machines This is a consumer oriented look at the perils and promise of the smart objects of the future and a cautionary tale for designers of these objects many of which are already in use or development
