The Business of Broadway Mitch Weiss, Perri Gaffney, 2015-07-14 New York's Broadway theatre scene has long been viewed as the top of the heap in the world theatre community. Taking lessons from the very best, this innovative guide delves into the business side of the renowned industry to explain just how its system functions. For anyone interested in pursuing a career on Broadway or who wants to grow a theatre in any other part of the world, *The Business of Broadway* offers an in-depth analysis of the infrastructure at the core of successful theatre. Manager/producer Mitch Weiss and actor/writer Perri Gaffney take readers behind the scenes to reveal what the audience and even the players and many producers don't know about how Broadway works, describing more than 200 jobs that become available for every show. A variety of performers, producers, managers, and others involved with the Broadway network share valuable personal experience in interviews, discussing what made a show a hit or a miss and how some of the rules, regulations, and practices that are in place today were pioneered. The New York State Exhibitor ..., 1929 [Ticket Scalping](#) Kerry Segrave, 2006-11-15 Ticket scalping is as much an American staple as apple pie. Beginning as early as the mid-1800s, scalpers known as sidewalk men were charging all the traffic would bear for event tickets. Although these speculators were generally viewed as pariahs and public opinion was against the practice, legal attempts to limit their activities were far from successful. Boston enacted laws as early as 1873, while Pennsylvania followed suit in 1884. Still, such measures did little good since some laws were declared unconstitutional.

and for the ones that were upheld the fines were negligible with jail time rarely served Over the years as moral objections to scalping dimmed the public became more tolerant as the practice became increasingly prevalent By the 1990s the capitalist mantras of free market and economic principles of supply and demand were even being used to justify the practice This volume details the ways in which scalping has changed over the years from a one man business to an agency controlled enterprise from performances by Jenny Lind to Billy Joel The book examines the general situation public opinion and legal perception of scalping for four distinct periods 1850 1899 1900 1917 1918 1949 and 1950 2005 Emphasis is placed on the ways in which public and legal perception of the practice has evolved over this period Scalping slowly gaining a more positive status has become more accepted as part of the economic practice of free markets Asia-Pacific Film Co-productions Dal Yong Jin, Wendy Su, 2019-11-20 This book examines cross regional film collaboration within the Asia Pacific region Through a mixed methods approach of political economy industry and market as well as textual analysis the book contributes to the understanding of the global fusion of cultural products and the reconfiguration of geographic political economic and cultural relations Issues covered include cultural globalization and Asian regionalization identity regionalism and industry practices and inter Asian and transpacific co production practices among the U S A China South Korea Japan India Hong Kong Taiwan Argentina Australia and New Zealand *Financing from Masses* Jiazhuo G.
