Implementation of the Start-Up Company 'Strumpfbody' on the Basis of the Business Model Canvas Friederike Berg, 2019-11-27 Seminar paper from the year 2015 in the subject Business economics Company formation Business Plans grade 1 6 University of Cooperative Education Ravensburg language English abstract This paper shows the implementation of the business model Canvas with reference to a specific example It describes how we came up with the idea of the new start up company which is called Strumpfbody In the 19th century machine made cotton stockings became available for women After World War I 1914 1918 short skirts were fashionable and long silk stockings were worn again With the discovery and ultimate use of Dupont Nylon in the late 30s and early 40s the primacy of silk in women s hosiery waned Silk was ultimately replaced by nylon after the war Nylon stockings which became popular after World War II 1939 1945 and completely replaced the silk stocking usually had seams until the late 1960s They were knitted flat and fully fashioned which means that they were shaped to fit the leg like modern sweaters By decreasing the number of stitches as the stocking was knit towards the ankle a garment was created that was knit to fit By the early sixties fully fashioned or seamed stockings were rapidly replaced by the modern reinforced heel and toe seamless stockings In the 1960s when skirts were worn very short many women began to wear tights pantyhose instead of stockings To show a bit of stocking was no longer accepted and while stockings fought for market share by becoming extremely long they became nearly extinct as pantyhose gained in popularity For much of the 20th century pantyhose were an essential component of any polished woman s outfit But then many Gen X and Boomers stopped wearing pantyhose years ago dismissing them as uncomfortable and easily ruined by runs Most Millennial women have never even worn them and thanks to more casual office wear they don t need to in most offices The majority of the leading brands of pantyhose and nylons in the United States have to struggle with this development Therefore the market needs a new innovation which will be described in the following paper Business Model
