Managerial Economics Ivan Png, 2022-03-22. Now in its sixth edition, Ivan Png's *Managerial Economics* has been extensively revised with an introductory chapter emphasizing decision making and behavioral biases, intensive application to current business and economic issues including technology, globalization and pandemics, a closing chapter highlighting business responses to climate change, a streamlined presentation focusing on the economics that managers need to know. As always, the text presents the key concepts of microeconomics intuitively without sophisticated mathematics. Throughout, it emphasizes actual management applications. The new sixth edition is updated with fresh up to date vignettes and discussion questions from all over the world and enhanced with detailed instructor supplements. It is an ideal text for any course.

focusing on the practical application of microeconomic principles to management The book provides truly useful economics for managers In the words of one professor I can use your book for serious conversation with adult students
