The Michael Shoemaker Book Williams T. Blair, 1924 **Behind Closed Doors** Nathea Watts Hutchinson, 2012-11 As I drive along the streets of residential neighborhoods looking at the dim lights from windows and seeping under the doors of homes thoughts go through my mind regarding the type of things that occur behind closed doors I think to myself love warmth and family are what happen behind closed doors I can picture a child sitting on her father s knee after he has worked all day or maybe a single mom going over homework with her child a young married couple sitting together after supper watching a movie or maybe a grandparent and their dog on the couch snuggled together for companionship In my imagination love is what goes on behind closed doors But on the contrary serious issues such as child abuse incest murder and extramarital affairs happen behind closed doors Grief pain sorrow and heartaches cross all cultural barriers Crisis happens *Leading with Conviction* Shalom Saada Saar, Michael J. benefits of Asia's economic growth to many millions of its citizens. The problem is worsening as the region's rich get richer much faster than the poor who miss out on the income, education, and health care they need to lead fulfilling lives. Asia isn't the only region suffering from a wealth gap, but unlike others, it has failed so far to narrow the divide. Most of its large economies have shown rising income inequality since the 1990s, and rural poverty is outpacing urban poverty across much of the continent. If left unchecked, the consequences of this trend could be dire. In this issue, *Development Asia* examines Asia's widening inequality from many different perspectives. It looks at the role of globalization in producing inequality and considers the disputed relationship between inequality and economic growth.
