Study Skills for Linguistics Jeanette Sakel, 2015-03-27 Study Skills for Linguistics is the essential companion for students embarking on a degree in linguistics. Covering all the core skills that students of linguistics will require during the early part of their degree, this book gives the reader a basic understanding of the field as well as confidence in how to find out more and how to prepare for their future career. The key features covered include subject-specific skills including basic linguistic tools and terminology such as word classes and grammatical terminology; essential study skills such as how to perform well in the degree, how to search for and reference literature, and how to write an essay; guides for a future with a linguistics degree including how to write a CV and prepare for a range of graduate destinations. An accessible guide to essential skills in the field of linguistics, Study Skills for Linguistics is a must-read for students contemplating studying this topic and provides a guide that will take them through their degree and beyond.

Key Terms in Linguistics Howard Jackson, 2007-01-01 Key Terms in Linguistics explains all of the terms which students of linguistics and English language are likely to encounter during their undergraduate study. The book is organized according to the modules under which linguistics is studied, starting with explanations of the terms associated with phonetics, phonology, semantics, syntax, and morphology. The book also looks at specialized option courses taken in later years of study, including socio-linguistics, applied linguistics, corpus linguistics, and discourse analysis. The final section, Schools of Linguistics, outlines the major frameworks within which linguistics is studied and the linguists associated with each of them. The book also points readers towards further publications for more extensive exposition. Accessibly written, with complicated terms and concepts explained in an easy-to-understand way, Key Terms in Linguistics is an essential resource for students of linguistics.

Semantics - Lexical Structures and Adjectives Claudia Maienborn, Klaus von Heusinger, Paul Portner, 2019-02-19 Discover vital research on the lexical and cognitive meanings of words. In this exciting book from a team of world-class researchers, in-depth articles explain a wide range of topics including thematic roles, sense relation, ambiguity, and comparison. The authors focus on the cognitive and conceptual structure of words and their meaning extensions, such as coercion, metaphors, and metonymies. The book features highly cited material available in paperback for the first time since its publication and is an essential starting point for anyone interested in lexical semantics, especially where it meets other cognitive and conceptual research.
