The Series Blueprint Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner by Book Three. *The Series Blueprint* is your long-range guide to building a series that actually works from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer: planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to design a series with a clear destination before plot drift takes over; choose the right series structure for your genre, audience, and goals; build book-level arcs that serve a bigger long-form story; decide between saga, episodic, or hybrid models with confidence; track character growth, worldbuilding, and continuity without overwhelm; balance creativity with strategy without killing your spark; finish a series feeling proud instead of burned out. Whether you're planning your first series, halfway through a tangled one, or staring at a world that no longer makes sense, *The Series Blueprint* meets you where you are. Because a series isn't just multiple books. It's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.

Love, Lies, and Ley Lines Jeffe Kennedy, 2026-01-20 It's been years since the infamous smuggling team of Bandit and Goldilocks thumbed their noses at the fae authorities running the priceless magical pixie dust desired by everyone from hedge witches to the storied magic academies. No one in the human principalities controlled by the fae can work even the simplest spells without the stuff. And without fae magic, humans will find themselves back in the dark ages of disease and fast mortality. But the enigmatic fae keep a tight grip on their monopoly of pixie dust, charging extortionate prices at their whim. Bandit has been doing her best to get by on her racing wins and the quick thrill of one-night stands, while her former partner and best friend, the powerful sorceress known as Goldilocks, is off playing house and having babies. But when Bandit gets the offer of a lifetime, she convinces Goldilocks to come out of retirement for one last, hugely profitable gig. And if the Bandit picks up a mysterious and seductive hitchhiker fleeing his wedding, well, that just adds a bit of spice to the job. When he refuses to tell her his name, she dubs him Prince Charming, and only regrets that she won't have time to find out more about her enticing companion and what he looks like under those fancy clothes. As the Bandit and Prince Charming run distraction for Goldilocks and her precious haul, they face untold dangers penetrating the arcane fae realms. All for gold, glory,
