"Looks Good to Me" Adrienne Braganza, 2025-01-07. Deliver code reviews that consistently build up your team and improve your applications. Looks Good to Me offers a unique approach to delivering meaningful code reviews that goes beyond superficial checklists and tense critical conversations. Instead, you'll learn how to improve both your applications and your team dynamics. Looks Good to Me teaches you how to understand a code review's benefits, proactively prevent loopholes and bottlenecks, co-create an objective code review system, clarify responsibilities, author, reviewer, team lead, manager and the team itself, establish manageable guidelines and protocols, align with your team and explicitly document the policies they will follow, automate code quality with linting, formatting, static analysis and automated testing, compose effective comments for any situation, consider combining code reviews with pair programming or mob programming, AI for code reviews. Inside Looks Good to Me, you'll find comprehensive coverage of every part of the code review process, from choosing a system to keeping reviews manageable for everyone involved. With this mix of tools, processes, common sense and compassion, you'll run a highly effective review process from first commit to final deployment.

Foreword by Scott Hanselman: About the technology. Transform code reviews into the positive, productive experiences they're meant to be. Whether it's your code under the microscope or you're the one giving the feedback, this sensible guide will help you avoid the tense debates, fruitless nitpicking and unnecessary bottlenecks you've come to expect from code reviews. About the book: Looks Good to Me teaches the considerate, common sense approach to code reviews pioneered by author Adrienne Braganza. You'll learn how to create a cohesive team environment, align review goals and expectations clearly and be prepared for any changes or obstacles you may face. Along the way, you'll master practices that adapt to how your team does things with multiple options and solutions, relatable scenarios and personal tidbits. You'll soon be running highly effective reviews that make your code

**Writing with AI in EFL Classrooms: Students' Perspectives and Pedagogical Implications** Melanie Razonable,2026-03-18 Essay from the year 2026 in the subject Didactics for the subject English Miscellaneous grade 11 language English abstract The rapid development of Artificial Intelligence AI has begun to reshape educational practices across disciplines including language learning In English as a Foreign Language EFL contexts AI assisted writing tools are increasingly used to support learners during different stages of the writing process These tools provide functions such as idea generation vocabulary suggestions grammar feedback and text modeling which may help students overcome common difficulties in second language writing This paper explores students perspectives on the use of AI assisted writing tools in EFL classrooms and discusses the pedagogical implications of integrating these technologies into writing instruction Drawing on existing literature and theoretical frameworks such as the Technology Acceptance Model and the Presage Process Product model the discussion examines how students perceive the usefulness and accessibility of AI tools and how these perceptions influence their engagement with writing tasks The analysis suggests that EFL learners generally express positive attitudes toward AI writing tools reporting benefits such as reduced writing anxiety improved idea development and increased exposure to vocabulary and grammatical structures However the paper also highlights potential concerns including overreliance on AI inaccuracies in AI generated language and possible limitations for creativity and critical thinking when AI is used without guidance The paper argues that the effectiveness of AI in writing instruction depends not primarily on the technology itself but on how it is integrated into pedagogical practice Thoughtful instructional design and active teacher

guidance are essential to ensure that AI functions as a supportive learning tool rather than a substitute for meaningful language learning The study concludes by emphasizing the importance of responsible and reflective integration of AI technologies to support sustainable development in EFL writing education *The American Monthly Review of Reviews*,1900 **Computer Book Review**,1986 **Annual Review of Information Science and Technology** Carlos A.
