## **A Descoberta Do Mundo Clarice Lispector:**

**A descoberta do mundo** Clarice Lispector, 2020-07-10 As crônicas de Clarice Lispector publicadas no Jornal do Brasil de 1967 a 1973 nos permitem compreender melhor a escritura desta que se consagrou como uma das maiores escritoras do Brasil. Se nos contos e romances o mistério de uma narrativa envolve o leitor num processo quase que iniciático nas crônicas esse mistério vai aos poucos sendo desvendado revelando o mundo pessoal e subjetivo da autora enigmática que viveu no Leme próximo às areias e ao mar de Copacabana que tanto apreciava. Ao aceitar o convite do JB para escrever uma coluna aos sábados Clarice Lispector sente a estranheza entre ser escritora e jornalista. Na literatura de livros permanece anônima e discreta. Nesta coluna estou de algum modo me dando a conhecer comenta na crônica de 21 de setembro de 1968. Gênero leve ameno de leitura mais fácil a crônica traz quase sempre a interpretação de um fato conhecido por todos investido pela subjetividade de quem comenta o assunto dando um sabor novo ao acontecido. Com a sua despretensão a crônica quebra o monumental o extraordinário celebrando o cotidiano o dia a dia e mostra belezas insuspeitáveis através da argúcia da graça do humor de quem a escreve. A informalidade investe de leveza uma linguagem cuja densidade busca revelar o segredo das coisas mais simples o cotidiano transfigurado pelo olhar de Clarice que redescobre nas Macabás de todo dia a luminosidade de uma presença estelar. Entre flanelas e vassouras mulheres simples e humildes se transformam em personagens que se eternizam. Aninha Jandira Ivone ou Aparecidas o algumas dessas estrelas que saem de suas vidas apagadas para serem reveladas pelo olhar atento e sensível onde escapa por vezes um leve e sorridente toque de humor como no caso da empregada que fazia anlise ou da mineira calada que gostava de ler livros complicados. *Discovering the World* Clarice Lispector, 1992. Literature Beyond the Human Luca Bacchini, Victoria Saramago, 2022-07-22 How can Clarice Lispector's writings help us make sense of the Anthropocene? How does race intersect with the treatment of animals in the works of Joaquim Maria Machado de Assis? What can Indigenous philosopher and leader Ailton Krenak teach us about the relationship between environmental degradation and the production of knowledge? *Literature Beyond the Human* is the first collection of essays in English dedicated to an investigation of Brazilian literature from the viewpoint of the environmental humanities: animal studies, Anthropocene studies and other critical and theoretical perspectives that question the centrality of the human. This volume includes 15 chapters by leading scholars covering two centuries of Brazilian literary production from Gonçalves Dias to Astrid Cabral from Euclides da Cunha to Davi Kopenawa and others. By underscoring the vast theoretical potential of Brazilian literature and thought from the influential Modernist thesis of cultural cannibalism (antropofagia) to the renewed interest in Amerindian perspectivism in culture, *Post Anthropocentric Brazil* shows how the theoretical strength of Brazilian thought can contribute to contemporary debates in the anglophone realm. radio and the typewriter once seen as promising catalysts for new kinds of writing began to be challenged by authors workers and the public What happens when media no longer seem novel and potentially democratic but rather consolidated and dominant Moving among authors from Brazil Argentina and Uruguay and among the genres of fiction the essay popular journalism and experimental little magazines Sarah Ann Wells shows how writers on the periphery of global modernity were fashioning alternative approaches to these media Analyzing authors such as Clarice Lispector Jorge Luis Borges and Felisberto Hernandez along with their lesser known contemporaries Media Laboratories casts a wide net from spectators of Hollywood and Soviet montage films to inventors of imaginary media to proletarian typists who embodied the machine human encounters of the period The text navigates contemporary scholarly and popular debates about the relationship of literature to technological innovation media archaeology sound studies populism and global modernisms Ultimately Wells underscores a question that remains relevant what possibilities emerge when the enthusiasm for new media has been replaced by anxiety over their potentially pernicious effects in a globalizing yet vastly unequal world

**Lusosex** Susan Canty Quinlan, Fernando Arenas, Some of the most compelling theoretical debates in the humanities today center on representations of sexuality This volume is the first to focus on the topic in particular the connections between nationhood sex and gender in the Lusophone or Portuguese speaking world Written by prominent scholars in Brazilian Portuguese and Lusophone African literary and cultural studies the essays range across multiple discourses and cultural expressions historical periods and theoretical approaches to offer a uniquely comprehensive perspective on the issues of sex and sexuality in the literature and culture of the Portuguese speaking world that extends from Portugal to Brazil to Angola Cape Verde and Mozambique Through the critical lenses of gay and lesbian studies queer theory postcolonial studies feminist theory and postmodern theory the authors consider the work of such influential literary figures as Clarice Lispector and Silviano Santiago An important aspect of the volume is the publication of a newly discovered and explicitly homoerotic poem by Fernando Pessoa published here for the first time in the original Portuguese and in English translation Chapters take up questions of queer performativity and activism female subjectivity and erotic desire the sexual customs of indigenous versus European Brazilians and the impact of popular music as represented by Caetano Veloso and others on interpretations of gender and sexuality Challenging static notions of sexualities within the Portuguese speaking world these essays expand our understanding of the multiplicity of differences and marginalized subjectivities that fall under the intersections of sexuality gender and race
