

Passenger Segmentation Using Smart Card Data

Le Minh Kieu, Ashish Bhaskar, and Edward Chung

Abstract—Transit passenger market segmentation enables transit operators to target different classes of transit users for targeted surveys and various operational and strategic planning improvements. However, the existing market segmentation studies in the literature have been generally done using passenger surveys, which have various limitations. The smart card (SC) data from an automated fare collection system facilitate the understanding of the multiday travel pattern of transit passengers and can be used to segment them into identifiable types of similar behaviors and needs. This paper proposes a comprehensive methodology for passenger segmentation solely using SC data. After reconstructing the travel itineraries from SC transactions, this paper adopts the density-based spatial clustering of application with noise (DBSCAN) algorithm to mine the travel pattern of each SC user. An *a priori* market segmentation approach then segments transit passengers into four identifiable types. The methodology proposed in this paper assists transit operators to understand their passengers and provides them oriented information and services.

Index Terms—Automated fare collection (AFC) system, market segmentation, public transport, smart cards (SCs), transit passenger.

1. INTRODUCTION

BETTER understanding of passengers is essential for transit authorities to satisfy customer needs and preferences. The Transportation Research Board has published a handbook on using market segmentation to increase patronage [1]. Most transit operators have defined classes of customers but not market segments. For instance, operators in South East Queensland (SEQ), Australia, classify passengers into six types (adult, senior, child, pension, secondary school student, and student) according to age and occupation. Although this classification is still useful for fare collection, whether these types differently respond to alternative services and whether new policies benefit them is unknown.

Despite the high exposure to transit passengers, transit providers have limited knowledge about their customers due to reasons such as the anonymity of passengers, the stochasticity of their behaviors, and the complexity in analyzing the disaggregated information of a massive population. Future impacts of the proposed initiatives to existing and latent passengers are obscure due to the lack of knowledge on their mobility re-

quirements and travel behaviors. Existing service improvement projects are limited to the impacts on generic transit customers, neglecting the differences between the types or segments of passengers with different needs and behaviors. Paradoxically, the majority of studies in public transport solely focus on improving a vehicle's performance, such as the travel time or schedule adherence, without a profound understanding of passenger segments and behaviors, notwithstanding the fact that different segments of passengers would behave differently in a transit system. For instance, an irregular transit passenger would be more concerned with the service coverage, i.e., if s/he would be able to travel by public transport to the desired destination, whereas a commuter transit rider user would be more concerned with the on-time performance and the easiness of transfers.

One of the dominant factors that dictate the level of passenger characterization is the availability of data. Traditional studies on passenger travel patterns and passenger segmentation solely focus on the use of transit user surveys [1]–[3]. These surveys are generally expensive to perform, are limited in sample size, and are only valid within the study period. Transit agencies are at a critical transition in data collection technology from manual data collection toward automated data collection systems (ADCSSs). Manual data collection systems with a low capital cost but a high marginal cost, small sample sizes, and sometimes unreliable accuracy are being replaced by a low marginal cost, large sample sizes, and disaggregated ADCSSs such as automatic vehicle location, automatic passenger counter, automatic vehicle identification, and, particularly, smart card (SC) automated fare collection (AFC) systems have only recently become widely popular for collection and analysis. The proliferation of these modern technologies provides a tremendous opportunity to analyze the existing condition of transit quality of service and facilitates agencies to enhance the service quality. Public transport agencies that are able to take advantage of this massive amount of data to anticipate and actively react to the changes in the transport environment and passenger behaviors would earn an utmost advantage to attract customers. The Brisbane City Council Transport Plan for Brisbane, Australia [4], emphasizes the use of data to ensure that the strategies are effective to augment the transit experience and provides a demand-responsive transit system.

This paper augments the transit passenger characterization by passenger segmentation using the dynamic SC data. The segmentation aims to group passengers of similar travel pattern, i.e., with the same level of transit journeys at regular times and places. The market segmentation of transit passengers brings various benefits to transit authorities to better cater to their customers. A targeted survey could aim for the passengers of

Manuscript received May 24, 2014; revised September 9, 2014; accepted October 26, 2014. This work was supported by Queensland University of Technology. The data were provided by Translink, the transit operator of South East Queensland, Australia. The Associate Editor for this paper was M. M. Dossouky.

A Visual Segmentation Method For Temporal Smart Card Data Introduction

A Visual Segmentation Method For Temporal Smart Card Data Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. A Visual Segmentation Method For Temporal Smart Card Data Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. A Visual Segmentation Method For Temporal Smart Card Data : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for A Visual Segmentation Method For Temporal Smart Card Data : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks A Visual Segmentation Method For Temporal Smart Card Data Offers a diverse range of free eBooks across various genres. A Visual Segmentation Method For Temporal Smart Card Data Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. A Visual Segmentation Method For Temporal Smart Card Data Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific A Visual Segmentation Method For Temporal Smart Card Data, especially related to A Visual Segmentation Method For Temporal Smart Card Data, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to A Visual Segmentation Method For Temporal Smart Card Data, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some A Visual Segmentation Method For Temporal Smart Card Data books or magazines might include. Look for these in online stores or libraries. Remember that while A Visual Segmentation Method For Temporal Smart Card Data, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and

downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow A Visual Segmentation Method For Temporal Smart Card Data eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the A Visual Segmentation Method For Temporal Smart Card Data full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of A Visual Segmentation Method For Temporal Smart Card Data eBooks, including some popular titles.

FAQs About A Visual Segmentation Method For Temporal Smart Card Data Books

1. Where can I buy A Visual Segmentation Method For Temporal Smart Card Data books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a A Visual Segmentation Method For Temporal Smart Card Data book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of A Visual Segmentation Method For Temporal Smart Card Data books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are A Visual Segmentation Method For Temporal Smart Card Data audiobooks, and where can I find them?

Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read A Visual Segmentation Method For Temporal Smart Card Data books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
