Who Do We Choose to Be?, Second Edition Margaret J. Wheatley,2023-06-06 In a world we cannot recognize how do we find a way forward In this world we do not understand how do we know what to do When so little is comprehensible what is meaningful work What is genuine contribution Bestselling author Margaret Wheatley has summoned us to be courageous leaders who strengthen community and rely on fully engaged people since her 1992 classic book Leadership and the New Science and eight subsequent books In response to how quickly society is changing and the exponential increase in leadership challenges this second edition of her latest bestseller is 80% new material How do we see clearly so that we can act wisely Wheatley brings present reality into clear and troubling focus using multiple lenses of Western and Indigenous sciences and the historic patterns of collapse in complex civilizations With

gentle but insistent guidance to face reality she offers us the path and practices to be sane leaders who know how to evoke people's inherent generosity, creativity, and kindness. Skillfully weaving science, history, exemplars, poetry, and quotes with stories and practices, Wheatley asks us to be Warriors for the Human Spirit: leaders and citizens who stay engaged, choose service over self, stand steadfast in the midst of crises, and offer our reliable presence of compassion and insight, no matter what.

Jason Redman, John Bruning, 2013-11-05. Navy SEAL and author of *Overcome*. Jason Redman's highly charged account of his combat missions in Iraq and his miraculous recovery from wounds that might have killed him if it were not for his grit and the devotion of his wife and family. Decorated Navy SEAL Lieutenant Jason Redman served his country in Columbia, Peru, Afghanistan, and Iraq, where he commanded mobility and assault forces. In western Iraq, alone, he conducted over forty capture/kill missions with his men, successfully locating more than 120 Al Qaeda insurgents. In September 2007, while leading a mission against a key senior Al Qaeda commander, his team was ambushed, and he was critically wounded by machine gun fire at point-blank range. During the intense recovery that followed, a years-long process that included 37 surgeries, Redman gained national media attention when he posted a sign on his door at Bethesda Naval Medical Center warning all who entered not to feel sorry for his wounds. Redman's sign became both a statement and a symbol for wounded warriors everywhere. *The Trident* is an unforgettable story of one man's determination to overcome adversity. Redman recounts his story from his grueling SEAL training to how he found the balance between arrogance and humility, all while fighting America's enemies on far-flung battlefields. He speaks candidly of the grit that helped him carry on despite grievous wounds and of the extraordinary love and devotion of his wife, Erica, and family, without whom he would not have survived. Vivid and powerful, emotionally resonant and illuminating, filled with sixteen pages of photos, *The Trident* traces the evolution of a modern warrior: husband and father, a man who has come to embody the never-say-die spirit that defines America's elite fighting force.
