Making Great Strategy Glenn R. Carroll, Jesper B. Sørensen, 2021-01-26 Making strategy requires undertaking major often irreversible decisions aimed at long term success in an uncertain future All leaders must formulate a clear course of action yet many lack confidence in their ability to think systematically about their strategy They struggle to apply the abstract lessons offered by conventional approaches to strategic analysis to their unique contexts Making Great Strategy resolves these challenges with a straightforward readily applicable framework Jesper B S rensen and Glenn R Carroll show that one factor underlies all sustainably successful strategies a logically coherent argument that connects resources capabilities and environmental conditions to desired outcomes They introduce a system for formulating and managing strategy through a set of three core activities visualization formalization and logic and constructive argumentation These activities can be implemented in any organization and are illustrated through examples and case studies from well known companies such as Apple Walmart and The Economist This book shows that while great strategic thinking is hard it is not a mystery Widely applicable and relevant for managers and leaders at all levels especially executive teams charged with setting the course of their organizations it is essential reading for anyone faced with practical problems of strategic management

Peter Doggett, 2010-05-21 This chronicle of the aftermath of The Beatles breakup and enduring legacy is a dark but
compelling endnote to rock s greatest story Rolling Stone A Los Angeles Times Best Book of the Year When Paul McCartney
told the world in 1970 that he had no plans to work with the Beatles again it was widely viewed as a cultural tragedy by the
media and public alike His statement not only marked the end of the band s remarkable career but also seemed to signal the
demise of an era of unprecedented optimism in cultural history But posterity would not let go of the group so easily and one
of the most fascinating phases of the Beatles story was just about to begin You Never Give Me Your Money tells the dramatic
story of the personal and business competition that has dominated the Beatles lives since 1969 It charts the almost
Shakespearean rivalry between McCartney s and John Lennon s families the conflict in George Harrison s life between
spirituality and fame and Richard Starkey s a k a Ringo Starr s efforts to escape the alcoholism that threatened to kill him It
documents the shifting relationships between the four as they strive to establish their identities beyond the Beatles and it

chronicles the transformation of their multimedia company Apple Corps from a bastion of 1960s counterculture into a corporate behemoth Peter Doggett gives us a compelling human drama and the equally rich and absorbing story of the Beatles creative and financial empire set up to safeguard their interests but destined to control their lives From tragedy to triumphant reunion court battles to chart success *You Never Give Me Your Money* traces the untold story of a group and a legacy that will never be forgotten *Farmer's Weekly* ,1925 **Pennsylvania School Journal** ,1878 iLife '04 in a Snap Jinjer L.
