COVER LETTER

Dear Hiring Manager,

I have always followed Google's mission to organize, democratize information, and empower people to make the most of their lives. My experience at IBM harmonizes with Google's mission to organize the world's information and make it universally accessible and useful.

At IBM, I spearheaded a comprehensive strategy review that aligned product development with customer market needs, resulting in a successful repositioning of the IBM Smart Business Platform. This initiative not only streamlined cross-functional work but also led to a 15% growth in customer and market demand. By establishing a clear vision of business objectives, my efforts secured strategic investments, directly contributing to revenue growth and ultimately contributing to a substantial cost saving of \$2 million.

I am eager to bring my track record of thoughtful product strategy and complex needs to Google, where I am confident my proactive drive will help us meet and surpass our ambitious product goals. I am looking forward to discussing how my career can align with the innovative work at Google in a face-to-face meet.

Best Regards,

Johnatan Wright
