La finance islamique à la française Jean-Paul Laramée, 2008. Pourquoi la France et son industrie financière ont-elles pris dix ans de retard par rapport au développement de la finance islamique en Angleterre? Pourquoi la France, qui a toutes les capacités juridiques et institutionnelles, toutes les ressources humaines nécessaires, tarde-t-elle à mettre en œuvre une finance islamique française compétitive et dynamique qui serait un formidable moteur pour notre industrie financière et pour l'ensemble de notre économie? Pourquoi des paradoxes persistants empêchent-ils de penser en France la finance islamique comme une opportunité nationale davantage que comme une menace? Pourquoi le système financier et bancaire français n'offre-t-il toujours pas aux Musulmans de France, qui constituent la plus grande communauté islamique du monde occidental, une gamme de produits et services alternatifs en phase avec leur sensibilité religieuse qui serait aussi susceptible d'apporter tous les Français une réponse dynamique et éthique à leurs problèmes financiers de crédit et d'investissement? **The Legal 500** John Pritchard (avocat.), 2008 *Pakistan & Gulf Economist*, 2007 **Tempo**, 2008 **Management of Islamic Finance** M. Kabir Hassan, Mamunur Rashid, 2018-11-23. In this issue we have presented issues relevant to the most recent debate on the performance, practices and principles of the Islamic finance industry as a whole, covering eleven distinct issues.
